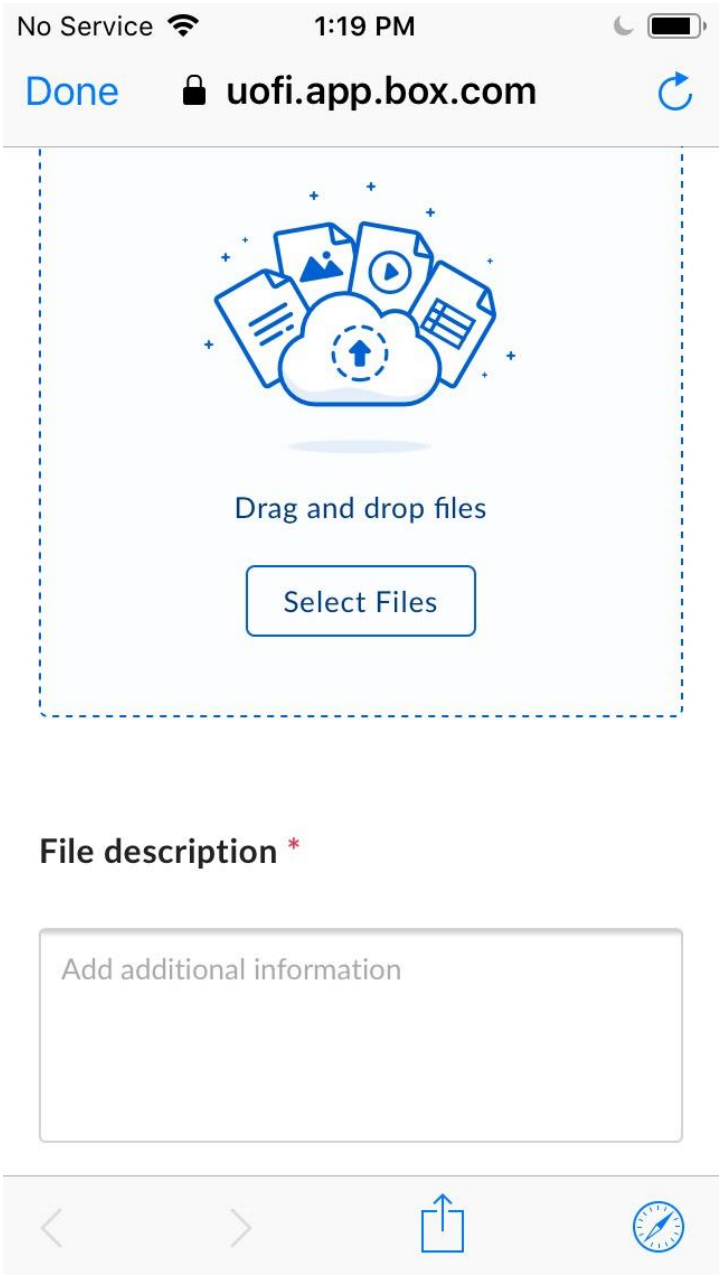
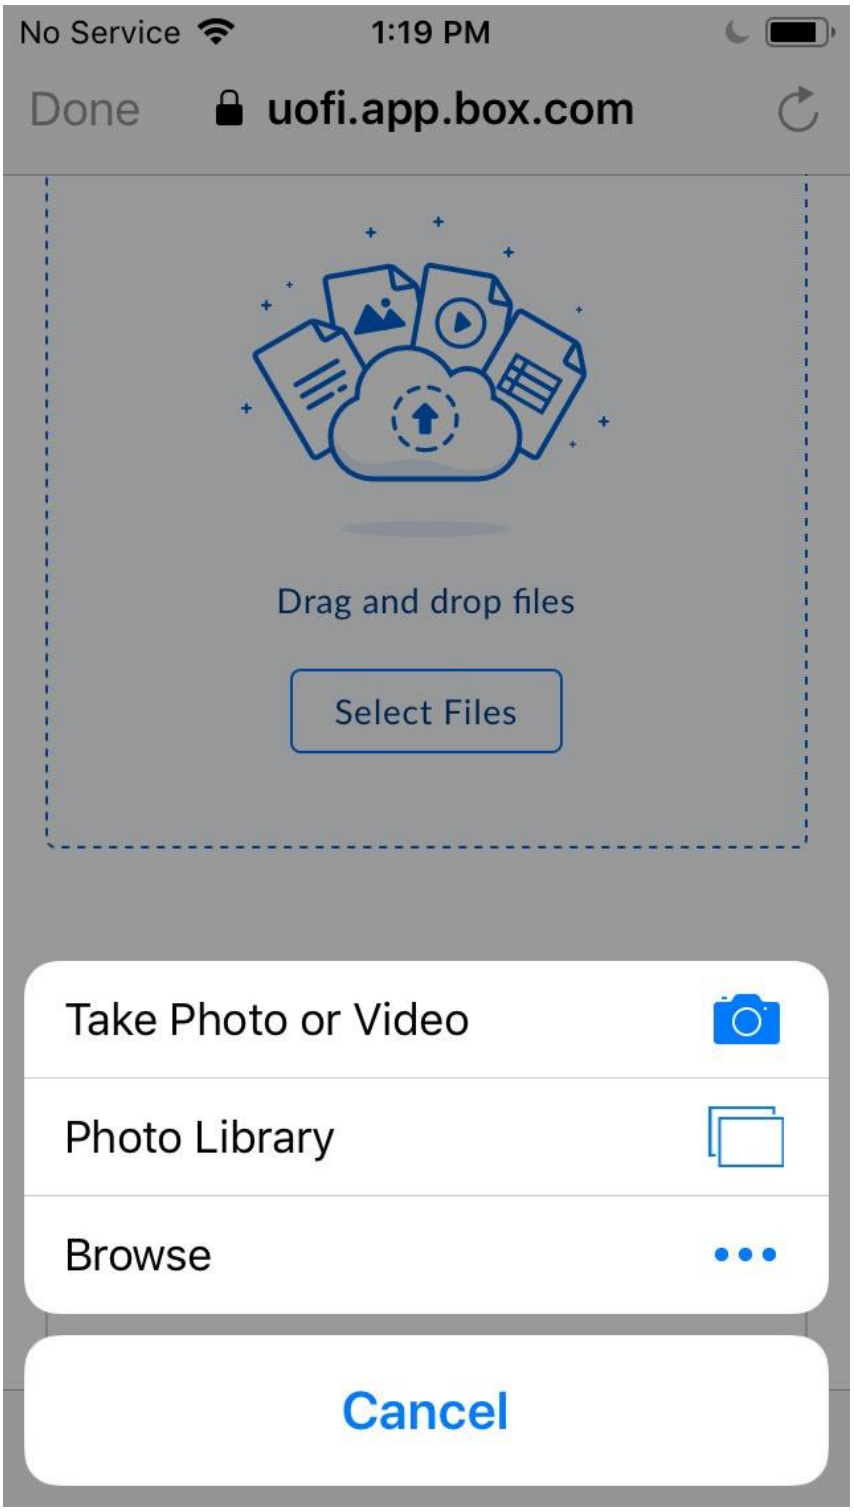
How Families Upload Files to Box

Directions uploading from an iOS

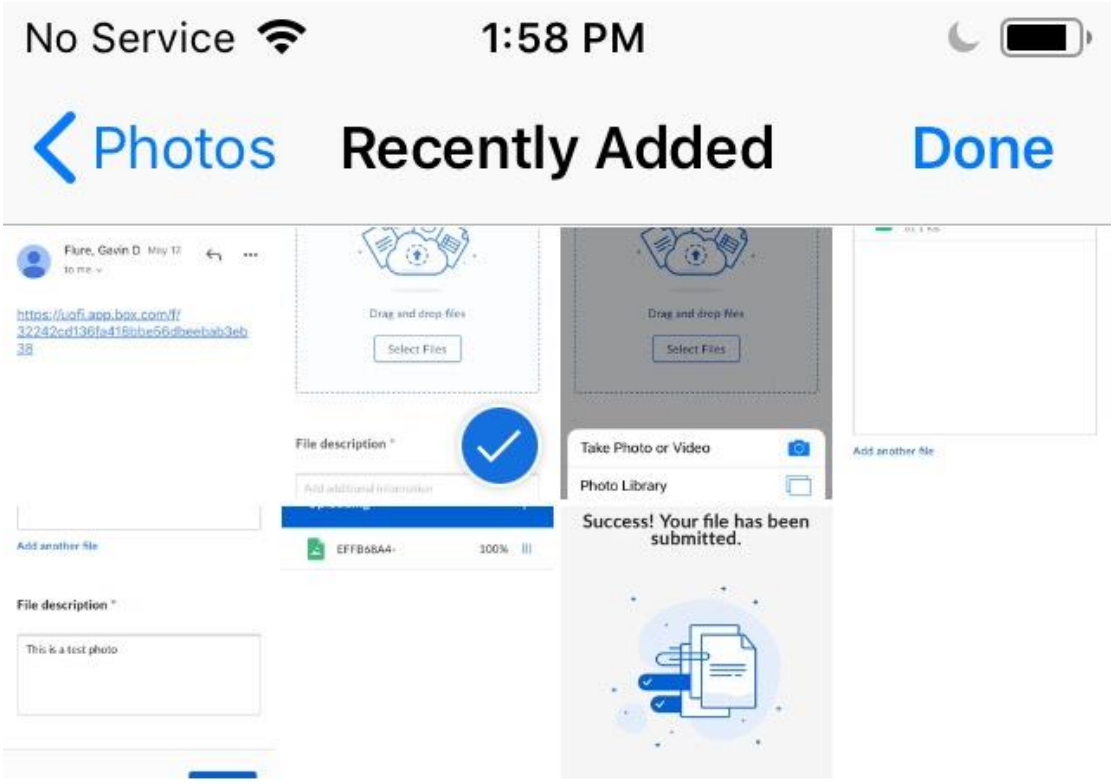
1. When you click the “Box” link you will be taken to a webpage that looks like this.



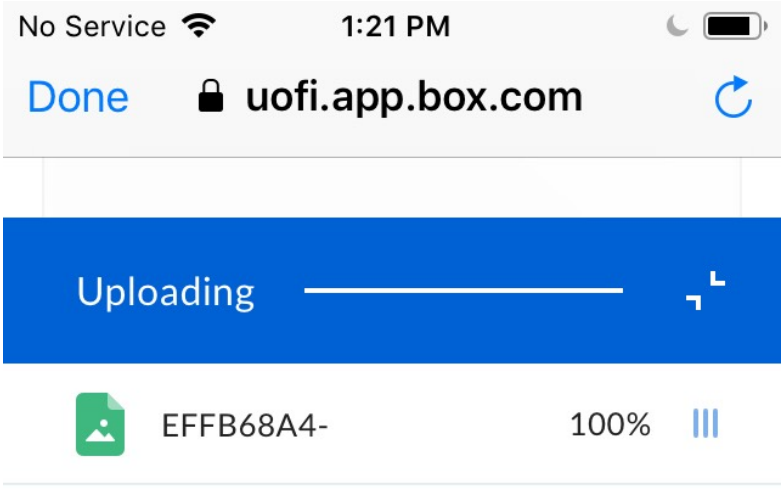
Tap on select files and you will see the following screen.



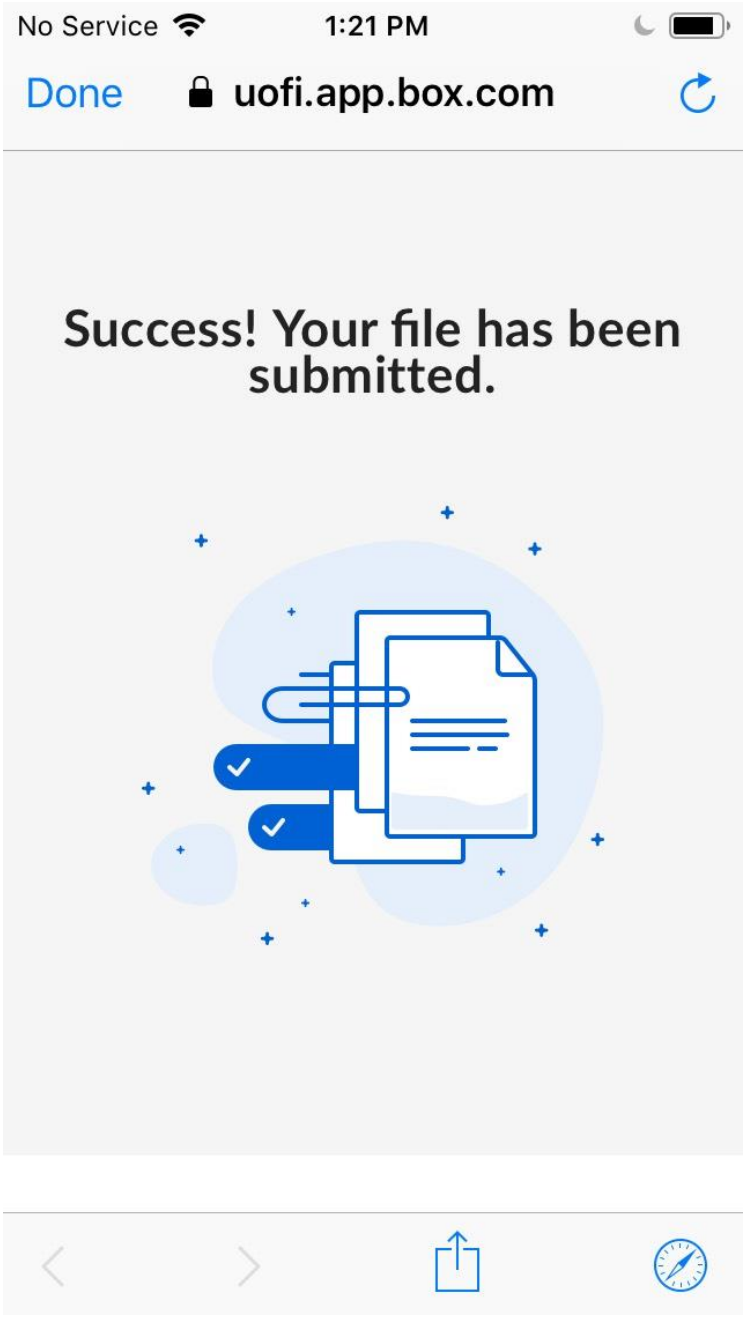
Select Browse. Once you have selected the file you would like to upload tap Done.



Once that has been completed tap on the Submit button below the file description box and you will see a progress bar.



Once your file is finished uploading you will see the screen, and you can tap done.



Once you see this screen you can close and then repeat the steps above to upload more files.
