A 4-H member must be the owner of the animals exhibited at the fair. Illinois Health Requirements for Swine:

All animals, except as noted, shall be accompanied by a Certificate of Veterinary Inspection (CVI) which shows that the animal meets all health requirements for the State of Illinois. CVI's shall be made available to Bureau of Animal Health Personnel on request. If an official electronic CVI is utilized, the exhibitor should be able to log on and show Bureau of Animal Health Personnel the completed CVI.

CVI means a legible record made on an official form from the state of origin which has been issued, signed and dated by an accredited veterinarian and which shows the name and address of the animal's owner or exhibitor and the results of all required tests or vaccinations. A CVI shall list only one animal identification per line; shall be presented on the form on which it was initially issued; and shall not be corrected, changed or altered in any manner.

All animals shall be officially identified. The animal(s) official identification shall be recorded on the CVI.

Individual identification of each animal shall be by a USDA official animal identification number ear tag, ("840"tag). The tag must be able to be read both visually and electronically.

RULES

1. Entries are limited to **3 market hogs** (any combination of sexes; however, pen of two animals must be of the same sex.)
2. Only swine officially nominated by **June 1** to the Extension office are eligible to be shown in the swine show. Nominations are limited to 15 swine per youth. Cross nominations within immediate families (ie brothers and/or sisters) will be permitted. For example, siblings may nominate the same animals on their nomination forms.
3. It is highly recommended that animals weigh **at least 240 pounds**.
4. All pigs exhibited must be farrowed on or after January 1, present year. March farrowed swine are quite small & lack finish, consequently, will rate low in the show.
5. Weight classes will be determined on Friday, August 1, 2025. For single market hog classes, 4-H members should register each hog they are planning to show in this class category. For example, if you have 3 hogs you would record class 116 single market hog 3 times on your entry form. In pen of two classes individuals may show either 2 gilts, or 2 barrows but may not show a combination of a barrow and a gilt. Exhibitors should enter each swine and entry under the appropriate premium numbers.
6. **Swine Superintendents and Assistants will be at the swine barns between 8:00 – 11:00 a.m. on Friday, August 1 as 4-H'ers unload their animals. All animals must be present and penned by 11:00 a.m. for weigh-ins beginning at noon.**
7. All hogs will be penned in the swine barn. **No hogs will be in the annex barn.**
8. Barrows and gilts will be weighed in starting at 12:00 noon by a committee. All swine need to be in the barns and penned prior to weigh-ins. No animals will be weighed from trucks/trailers. Barrows and gilts will be identified & entered into weight divisions, according to the results of this weighing. This year purebred classes will be offered in the swine show. Classes will be determined after weigh-ins on Friday, August 2. All questions arising as to weights will be referred to the initial weight record.
9. Purebred classes will not be divided by weights, unless there is a large number of hogs in a single breed. Purebred classes will only be shown in the single market hog classes.
10. **Registration papers must be presented at weigh-in and must be in the 4-H exhibitor's name.**
11. All pens will be determined by the combined weight of hogs.
12. All swine must be in possession of the 4-H'er by June 1, present year.
13. No show oils should be used on swine.
14. All youth showing swine are required to be certified in Youth for the Quality Care for Animals during the current year and have Premise ID number.

16. 4-H Premiums paid will be using an X factor. Premium values will be:
Blue: 7X Red: 6X White: 5X
17. **4-H members are limited to receive one premium per weight class exhibited in premium eligible projects. Example: If a 4-H'er has three market hogs and two of them end up in the same weight class, the 4-H'er will only receive one premium for that weight class. This rule was established by the Agriculture Premium Fund.**
