Introduction

Welcome to the Washington County 4-H member record! This system of records is meant to work in conjunction with the current state 4-H awards and recognition system while still accomplishing the goals outlined below.

Why Records?

Record books help us recognize 4-H members and their accomplishments while preparing for their future. 4-H member records and their completion fulfill several goals for members: 1) To motivate and challenge youth to keep climbing the ladder of achievement, 2) To serve as a toll for recognition of 4-H members, 3) To serve as an accurate reflection of a 4-H members career and to aid in record keeping skills, 4) Assist older members in resume building for completion of scholarship, college and job applications.

Parts of the Record/Deadlines:

Part One: Goals Sheets (Set Goals), Due to Extension Office January 1, Completion Notes Due August 31

Part Two: Member Record Book (4 dimensions), Due to Extension Office August 31

Part Three: State Experience Award Application (encouraged, Due November 1)

Part Four: Illinois 4-H Scholarship Application Due (encouraged for ages 15-19, Due November 1)

Dimensions of the Member Record Book:

1. **Participation** – This dimension recognizes participation in individual, club, county, state, national, and international events.
2. **Service** – This dimension recognizes those who plan and implement community service projects AND those who participate.
3. **Leadership** – This dimension recognizes those members climbing up the ladder of leadership in any of the following areas: general leadership, advising, advocating, planning, promoting, mentoring, teaching.
4. **Project Learning** – This dimension recognizes project areas and the mastery that individuals gain from project work.

There is NO rule about how complete your record book needs to be – completeness will result in better scores as we choose award winners but we encourage all members to submit record books and document the achievements you've had along the way.
