Illinois 4-H Participant & Family Code of Conduct

The opportunity to participate in or attend 4-H activities is a privilege and not a right. All 4-H participants – youth and families who participate in or attend any activity or event sponsored by the University of Illinois 4-H Youth Development program are expected to uphold the values of the Illinois 4-H program and conduct themselves according to the following standards. These standards also apply to online 4-H activity, including social media and internet presence.

As a 4-H Youth Development program participant and family, I agree I will:

- Represent University of Illinois 4-H program with dignity and pride and be a positive role model.
- Conduct myself in a manner that reflects honesty, integrity, self-control, and self-direction. Accept the results and outcomes of Extension contests with grace and empathy for other participants. - Create a Welcoming Environment for All. Encourage everyone to fully participate in 4-H program. Recognize that all people have skills and talents that can help others and improve the community. Though we will not always agree, we must disagree respectfully. When we disagree, try to understand why. Our first priority is to create a safe, inclusive space for learning, sharing and collaboration that is welcoming to people from diverse backgrounds, cultures, and perspectives. Diversity includes, but is not limited to: race, color, religion, political beliefs, national or ethnic origin, immigration or citizenship status, sex, gender identity and expression, transgender status, sexual orientation, age, marital or family status, educational level, learning style, pregnancy, physical appearance, body size, and individuals with disabilities.
- Comply with University of Illinois equal opportunity and antidiscrimination policies, as well as all federal, state, and local laws.
- Honor Diversity - Respect the privacy of persons involved with Extension programs and hold in confidence sensitive, private, and personal information.

Be responsible for my behavior, use positive and affirming language, and uphold exemplary standards of conduct at all 4-H activities.
- Participate Fully. Participate in and contribute to planned programs, be on time and follow through on assigned tasks/responsibilities in a manner that fosters the safety, well-being, and quality of the educational experience for myself and others. Have fun!

Private areas must be covered with an opaque fabric, and clothing must cover undergarments; waistbands and bra straps excluded.

It is expected that all University of Illinois Extension participants and families comply with the University of Illinois 4-H Code of Conduct. Failure to comply with any component of the Code or participation in other inappropriate conduct as determined by University of Illinois Extension representatives may lead to removal from the University of Illinois 4-H program.

I have read and I understand this Code of Conduct. I further agree to abide by the conditions of this document. I understand that my failure to comply with these expectations may result in consequences outline below.

Richland County 4-H Policies

A Message To 4-H Members

Judging is a learning experience from which you can learn what you did well, and how you could improve in the future. An exhibit does not measure all that you have learned, but it is an example of what you have done. During conference judging, the judge will encourage you to talk about your project exhibit. You will be asked some questions about your exhibit, so you should be prepared to tell what you were trying to do in your project (goals and objectives) and be able to describe the methods and processes used to produce the exhibit.

Read and follow the rules and requirements for your project carefully. Learn good sportsmanship. Listen carefully to the judge so that you can accept constructive criticism and learn from it. Remember, judging comments can be helpful, but they are only one person's evaluation. Realize that people sometimes make mistakes.

Tips For a Successful 4-H Show

Read your specific project exhibit requirements in the 4-H Handbook. You must follow the project requirements exactly. Review your 4-H manual and be certain you have all the materials needed to complete your project. Get help now! Call your leaders or the Extension Office if you have questions about exhibit requirements. Do not wait until the day before or the day of the show. Be sure to write the date and time of your judging event on your family calendar.

4-H Show Attire

The 4-H Show can be so much fun that sometimes we forget how important it is to look our best when exhibiting our project(s). This does not mean that you need to be in new or dressy clothing. This means:

- Be neat and clean.
- Take hats off while showing projects, unless in a cowboy hat (Judges like to see faces when they are speaking to you).
- Have hair combed.
- Have shirts tucked in and shoestrings tied.
- Have hands washed.
- Wear closed-toed shoes (no sandals).
- Wear jeans or khakis.
- Wear shirts with sleeves (no spaghetti straps)

Neat appearances will not only make you feel better, but it will also impress the judges. Let's try to look our best, learn all you can, and have fun when showing projects.

A Message To Leaders & Parents

Each child is an individual of utmost importance. Keeping this in mind, the leader should try to make 4-H a positive learning experience. Part of this experience is the 4-H exhibit.

- The 4-H exhibit is only one measure of success that a 4-H member could receive. Other successes include self-recognition, self-satisfaction, and learning from completing the project are also important rewards. Discuss the purpose of judging with 4-H members & their parents
- To evaluate the exhibit, which is an example of the child's work.
- To help each member see the process that he/she has made and put judging in perspective.
- Help the child set realistic goals for himself/herself according to his/her own age and experience.
- Be sure that your goals are in line with the child's age and experience.
- Recognize good work. Give constructive criticism.
- Be familiar with the requirements or criteria of the 4-H project that is to be judged.
- Be familiar with several methods of accomplishing the desired result.
- Regardless of who does the judging, there are some basic points to keep in mind:
- The development of young people is our first consideration in 4-H work.
- We are really concerned more about what the 4-H'er learns than with the exhibit.
- Projects are a means to an end – not an end in themselves.
- No exhibit is so poorly done that it is not worthy of an encouraging comment.
- No exhibit is so well done that some improvement may not be made.

Judging is done according to quality standards. It is not a matter of personal whim or tastes. The standards are:

- High, but attainable
- Appropriate to different age levels.
- Known by the 4-H members.

Projects are evaluated, not members. All completed projects meeting the requirements will receive a Blue, Red, or White rating. Projects are evaluated independently, not compared.

Blue - meets requirements/standards, good exhibit

Red - needs some improvement

White - needs much improvement

Stress that judging comments can be helpful, but that they are only one person's evaluation.

In competition, avoid overemphasis on the winner. Help the child accept the competition results and realize that, through his/her own accomplishments, everyone is a winner.

Judging Philosophy for Members and Parents

Have you developed your own philosophy for judging? Do you know why your work is judged at fairs and other 4-H events? Do you know why certain people are asked to be judges? Do you accept the awards you get gracefully, whether it is blue, red, or white?

If your answer is “yes” to all these questions, you need to read no further. BUT many 4-H members and parents do not know all the answers.

WHY DO WE JUDGE? The two major purposes in judging are: (1) to determine the worth of a piece of work, how well it was done, and how closely it conforms to standards of quality; (2) to contribute to the growth and development of 4-H members and others concerned with helping boys and girls learn.

WHO ARE THE JUDGES? Judges are people! They are people who want to help 4-H members learn! They are asked to be judges because they have special training and background in certain subject matter areas. Not all judges have the same training and the same background in the same subject matter area, and that is why judges sometimes differ in their opinions and ideas as to how something should be done. If you understand this, it may help you to gracefully accept the award they give.

To All 4-H Exhibitors, Parents and Leaders:

All 4-H Exhibitors, Parents and Leaders are expected to show respect and courtesy to the judges. Violations may result in disqualifying the exhibitor. **PARENTS WILL NOT BE ALLOWED IN THE JUDGING AREA UNLESS PERMISSION HAS BEEN GIVEN BY THE EXTENSION STAFF.**

Exception: Youth identified by Extension Staff as children needing special accommodation may have another person with them during judging. Please notify the Extension staff if you feel your child may need special accommodation, so a pre-determined decision can be made.

Conference Judging

A Message to Leaders and Parents

Each child is an individual of utmost importance. Keeping this in mind, the leaders, parents, and extension staff should try to make 4-H a positive learning experience. Part of this experience is the 4-H exhibit. The 4-H exhibit is not an end in itself, nor does it measure all the learning that takes place in the 4-H project. The exhibit is only one measure of success. Self-recognition, self-satisfaction, and learning from completing the project are important rewards.

Grievances

Judging And Protests

All exhibitors, leaders, and parents are expected to show respect and courtesy to judges. Violations may result in disqualifying the exhibitor. Qualified judges will judge all exhibits. The decision of the judge is final.

Extension staff can make any changes to classes, weights, etc., as they deem necessary. In regard to a question concerning the interpretation of the rules and regulations, the Extension staff will make the decision.

If anyone contests any classification or regulation, they must bring it to the attention of the **Extension staff** for consideration **BEFORE** the show begins.

PROTESTS - All protests of eligibility of exhibitor or animal must be filed in writing at least 12 hours before the show begins or within 12 hours after the conclusion of the show. A deposit of \$50.00 must accompany the protest. The deposit will be returned to the person filing the protest and if the protest is proven, the exhibitor found in violation will forfeit all premium money due that animal. If the protest is found to be invalid or unproven, the protestor will forfeit the deposit.

Remember To Say “Thank You”

Remember to take time to say “Thank You” to the sponsors of the awards following the 4-H Shows. Saying the words is nice but taking time to write a short note is best. These notes help our sponsors realize that award sponsorship really means something to 4-H’ers. Last, but not least, you will probably feel pretty good about the extra effort it takes to write a short note. Just a simple “Thank You for Sponsoring the Banner” is all it takes.

Animal project members also need to remember to write a “Thank You” note to the buyer of their animal.

Ribbon and Awards

Members' efforts are evaluated by the achievement of project standards, not by competing against other youth. Interviews allow 4-H'ers to hear the comments directly and to ask questions on how to improve. Premium money may also accompany the ribbon award at some 4-H exhibit opportunities.

All exhibits are judged in two ways:

First: Individually against project standards

Second: Competitively against all others in the same class.

Individually:

The exhibit is first compared against standards. The interviewer may use a score sheet to determine to what degree the standards have been met. Projects are graded on quality as well as on the 4-H member's ability to supply the judge with adequate and precise information regarding the project. A ribbon is then awarded as follows:

Blue -- "A" -- Project meets standards, good exhibit.

Red -- "B" -- Project needs some improvement.

White -- "C" -- Project needs much improvement.

Cloverbud: Cloverbuds (members ages 5-7) are not eligible for premiums or awards. Cloverbuds exhibit their projects with a short interview process and are awarded a green Cloverbud participation ribbon.

State Fair: Ribbons are presented to members with projects the judge feel should be sent to the State Fair for further recognition. The Illinois State Fair limits the number of projects shown at the State Fair. Alternates are chosen if a member previously chosen cannot attend the State Fair in that project area. Members can only take one project to the State Fair.

State Fair Delegate (Blue Rosette):

Only the best item(s) in each category will be chosen to exhibit at State Fair. We do not need to send a quota per category or any if the projects do not show State Fair quality.

Must be 8 years of age as of September 1, current 4-H year.

Must accompany exhibit to State Fair and be present for conference judging.

State Fair Alternate (Orange Ribbon):

Exhibits are chosen as alternates to State Fair. Alternates do not need to be chosen if exhibit is not State Fair quality.

If any of the delegates chosen do not go the State Fair, then the alternate will be given the opportunity to exhibit at State Fair.

Excused Absence

Excused absence from the county show is for conflicts with a 4-H event, a school related activity, or a church event. If any of the above conflicts pertain to you, 4-H'ers can be excused from showing and still be eligible to receive premiums and be State Fair eligible.

If a 4-H member is unable to attend a general project show, they may seek approval for judging a static project from Extension Staff by submitting an Excused Absence Form by July 1. Extension staff will then review the request and notify the 4-H member, within 48 hours of approval or denial.

You must do the following:

Submit an Excused Absence Form

Submit a brief written report talking about the project (what you did).

Submit project at the Registration Desk on the day of the show.

An "Excused Absence" form must be filled out and received at the Extension Office by July 1 to be considered for an excused absence.

4-H GENERAL PROJECT EXHIBIT GUIDELINES

Exhibiting in the 4-H Exhibit is a privilege. It is the responsibility of the exhibitor to follow the general rules of this division and the exhibit requirements for the specific class entered. The University of Illinois Extension personnel or their assigned agents do not assume liability for loss, theft, or damage to any exhibit. To see the complete list of rules for the Illinois State Fair General Project Show, please visit the Illinois State Fair page on the Illinois 4-H Website:

go.illinois.edu/4HGeneralProjectGuidelines

EXHIBITORS:

- Exhibitors must be currently enrolled as a 4-H member and have been at least 8 years old as of September 1, 2025. Parents and leaders should make provisions for the adequate care and supervision of exhibitors.
- Exhibitors must be enrolled in the project or have participated in the activity in which they are exhibiting during the current year. Due to the nature of the conference judging process, exhibitors must be present.
- For youth and families: Conference judging is not about preparing a presentation. Judging is meant to be a conversation between the judge and 4-H member (or group) about the project and the learning experience. You may bring notes if you wish. Tips on creating an engaging display board are available at go.illinois.edu/4HDisplayTips.
- Accommodation requests must be received in advance by contacting your local Extension office.

GENERAL EXHIBIT GUIDELINES:

- All exhibits must be products of the current 4-H year (September 1, 2025 - August 15, 2026).
- Exhibits illustrating inappropriate subject matter and/or graphics are not acceptable. The Superintendents reserve the right to remove exhibits deemed inappropriate or dangerous for youth audiences. The content of any 4-H competitive presentation does not necessarily reflect the beliefs or views of the Illinois State Fair or the University of Illinois Extension 4-H program.
- Some exhibit areas may have size limitations. Read the descriptions carefully. Please choose a display size which is most appropriate for the exhibit you are bringing. Larger does not always mean better; use good judgement in creating your exhibit. Exhibitors will need to carry their project from the distant parking lots on the fairgrounds. **TABLES ARE PROVIDED. Do not bring your own.**
- **INNOVATION CLASSES** are open to all 4-H members in the project areas listed. Members choosing to exhibit in the Innovation class may be enrolled in any level of the project they are studying. Members choosing to exhibit in the Innovation class decide the best way to show off their project mastery and knowledge for the year in that project category. Some suggestions are provided for each category, but members may choose any method they want for demonstrating project learning as long as it does not fit in any

other class in that category. Only selected projects categories have an Innovation option.

- **GROUP PROJECT OPPORTUNITIES HAVE EXPANDED.** They include Civic Engagement, Diversity and Cultural Awareness, Leadership, Passport to the World, Service Learning, and Video.
- **Project Manuals:** Some projects require a project manual, book, workbook, or guide. These are indicated with a book icon. .

COPYRIGHT AND CLOVER USAGE:

- **Copyright Reminder:** It is illegal for youth to use an image or brand that someone else owns as part of their 4-H project exhibit without the permission of the copyright/trademark holder.

 - More details in the new "Copyright Guidelines Tipsheet: go.illinois.edu/Il4HCopyrightGuidelines.
- **Use of the 4-H Name and Emblem:** Chartered 4-H Clubs and enrolled 4-H members are authorized to use the 4-H Name and Emblem. This includes permission for an enrolled 4-H member to use the 4-H name and emblem in exhibits you create for personal use as part of 4-H sponsored events. This includes 4-H decorated cookies, a 4-H Clover printed out for use in a scrapbook, etc.
- **Please note:** Any use of the 4-H name and emblem on items intended as gifts or for sale require prior permission using this [UNIVERSITY AGREEMENT](#). This should be signed by the County Director. Any uses of the 4-H name and emblem for sale or promotion online, and/or in statewide events should be signed by the Illinois 4-H Director (illinois4H@illinois.edu).

Exhibitors will be asked to change into the garment as the second step of the judging process. For complicated costumes, judges may decide to waive the requirement to try on the outfit if they feel photos included in the Costume Design Workbook show the fit. If the garment was created for another individual, that person can come to judging to model the outfit, or photos of that person in the outfit can be supplied. (Only the exhibitor who made the garment is eligible for ribbon and premium.) If a pattern was used to make the item, the pattern instructions, either written or electronic, are to be included with the exhibit. Exhibit tags should be attached to the garment (preferably with a safety pin and string), not to the hanger. Garments may be worn before exhibiting but should be in good, clean condition. Both projects require youth to complete a project workbook and bring it to judging.

All clothing projects in these categories should follow copyright guidelines. See project resource guides for additional details.

Costume design members wishing to be judged primarily on the sewing construction techniques and fit of their costume should consider entering the Sewing projects instead of Costume Design. The level to be entered will depend on the sewing techniques used.

If the garment was constructed for another individual, that individual must be present to wear the garment for the judge. (Only the exhibitor who made the garment is eligible for ribbon and premium.) - Scrapbooking (2 total from 50345, 50346, 50347)

Exhibitors must be enrolled in the Visual Arts project category in which they are exhibiting. Exhibitors are encouraged to date the project when it is made. Exhibitors must be able to carry or cart their exhibits across the fairgrounds from the parking lots. All visual arts exhibits are evaluated using a visual arts rubric, which considers correct use of design elements, craftsmanship, and creativity.

Articles exhibited must be an original design created by the exhibitor (except in Heritage Arts, which may follow a pattern). Copyrighted or trademarked designs are not acceptable; this includes team, school logos, and/or characters from movies such as Mickey Mouse, Iron Man, etc. Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does NOT make the design original. This also applies to ideas found on a site such as Pinterest. If you see something on Pinterest that you like, you can use that idea as your inspiration; however, create something that is fundamentally different. It **MUST NOT BE AN EXACT REPLICA OF** something the judge can search for and find on Pinterest. The exhibit may combine parts of different patterns and/or ideas with the concepts of the member; however, changing the color or changing the size of the item or pattern used does NOT make it original. If you create an exact replica of what you see somewhere else, it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit. Be prepared to explain how and where you got the idea for this project.

When utilizing repurposed materials, source wisely to avoid materials from old furniture, painted wood, or metal objects that may contain lead-based paint. Items manufactured before 1978 are particularly risky. If you are unsure, lead testing kits to check painted surfaces are available at hardware stores. Consider safely stripping or sealing unknown paint with a non-toxic barrier to prevent exposure.

Use of the 4-H Clover:

Chartered 4-H clubs and enrolled 4-H members are authorized to use the 4-H Name and Emblem. This includes permission for an enrolled 4-H member to use the 4-H name and emblem in exhibits created for personal use and as part of 4-H sponsored events. This includes 4-H decorated cookies, a 4-H clover printed for use in a scrapbook or included as part of any other 4-H exhibit. Use of the green clover shaped image is not protected. The 4-H “emblem” is distinguished by the four H’s that signify Head, Heart, Hands and Health. **No creative rendering, changes in color or shape of the official 4-H emblem is allowed.**

NOTE – Any use of the 4-H name and emblem on items intended as **gifts or for sale locally** requires prior permission from your local Extension office. Your Extension office will be able to provide you with the form which must be signed by the Extension County Director. Any uses of the 4-H name and emblem for sale or promotion **online, and/or in statewide events** should be signed by the Illinois 4-H Program Leader (Illinois4H@illinois.edu).

Quilts entered in Visual Arts should **ONLY** be entered in the Quilting Project area in either Level 1 *You Can Quilt* (SF 50331) OR Level 2 *Quilting the Best Better* (SF 50331). All work on the quilt **MUST** be completed by the 4-H member. You cannot exhibit a quilt that was quilted by someone else.

Unless otherwise noted, due to space limitations, projects should be no larger than 48” x 48”.

Fine Art and Design

Visual Arts Chalk/Carbon/Pigment (Drawing and Painting): Division A, B, or C

Enter the division based on the type of material on which the art was created.

Chalk/Carbon/Pigment (Drawing and Painting): Division A: Canvas (SF 50336a)

Any original artwork created on canvas using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. All artwork must be either framed, matted, or otherwise prepared for display. Oil and acrylic paintings may be exhibited without glass or matting and are acceptable unframed if the canvas edges are finished and the piece is ready to hang. Watercolor, chalk, pen and ink, and similar media require protective covering, such as glass or a clear sleeve. Gallery-style frames and matted-only presentations are both acceptable, provided the piece is equipped for hanging. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used.

Chalk/Carbon/Pigment (Drawing and Painting): Division B: Paper (SF 50336b)

Any original artwork created on paper using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. All artwork must be either framed, matted, or otherwise prepared for display. Oil and acrylic paintings may be exhibited without glass or matting and are acceptable unframed if the piece is ready to hang. Watercolor, chalk, pen and ink, and similar media require protective covering, such as glass or a clear sleeve. Gallery-style frames and matted-only presentations are both acceptable, provided the piece is equipped

for hanging. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used.

Chalk/Carbon/Pigment (Drawing and Painting): Division C: Clay, Glass, Wood, Metal, Textiles (SF 50336c)

Any original artwork created on clay, glass, wood, metal, or textiles using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. Original glaze painting on pre-formed clay surfaces is acceptable, provided the design demonstrates creativity and artistic effort. Simply adding a single color or minimal decoration, for example, painting a frog entirely green, does not meet the criteria for original artwork. All artwork must be either framed, matted, or otherwise prepared for display. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used. If you are painting on clothing, consider entering your work in the “Clothing Embellishment” project, “Applied” class.

Visual Arts Clay (SF 50337)

Any original item made of clay may be fired or unfired, hand-formed or thrown on a wheel. Ceramics, oven-cured, cornstarch, air-dry/self-hardening, and fire-cured clays are acceptable. Modeling clay is not recommended as it does not harden and risks melting. Items can include, but are not limited to, clay statues, bowls, jewelry, etc. Pre-formed ceramics should refer to Visual Arts Chalk/Carbon/Pigment for guidance.

Visual Arts Computer-Generated Art (SF 50338, SF 50370)

- **Computer-Generated Art (SF 50338)**

Any original artwork created using any software package, where all pixels must be entirely original. Exhibits may not contain scanned images, clip art, downloaded content, imported graphics, or photographs. Photo mosaics are not permitted. Wood and metal pieces created through laser cutting software should be entered in this class, as should plastic artworks produced with a 3-D printer if they have an artistic focus. If the artwork is designed to hang, it must include protective covering, such as a glass frame, and be prepared for hanging. Laser-cut pieces not intended for hanging do not require protective covering or hanging hardware.

- **Graphic Design (SF 50370)**

Any original art created in any software package that displays visual information, such as an advertisement, publication, website, or any other type of visual communication, by effectively combining text and graphics. If using clip art,

downloaded images, imported images, or photographs, they must be either royalty-free or owned by the exhibitor.

Visual Arts Glass & Plastic (SF 50340a, 50340b)

Any original item made of glass or plastic.

- **Glass 50340a**

Possible items to exhibit include stained glass, etched glass (original design), mosaics made of glass, and glass beading.

- **Plastic 50340b**

Possible items to exhibit include plastic jewelry (friendly plastic); recycled plastic art; plastic that can be molded into 3D shapes.

Stepping stones can be entered as a Visual Arts exhibit in Glass & Plastic, however, they must have an intentional design created using glass and/or plastic, and the exhibitor must be prepared to discuss the design elements associated with their exhibit.

Visual Arts Metal (SF 50342)

Any original item made of metal, such as a sculpture, a tin punch, an engraved metal, or jewelry. Items intended for industrial use (such as tools and/or shop items) are not considered part of this Visual Arts project and are not eligible for entry. Metal items that have been partially or totally created using laser cutting programs/devices should be entered in Computer-Generated Art.

Visual Arts Open Form and Emerging Techniques (SF 50350)

Any original artwork that explores unconventional formats, mixed media, or emerging creative technologies that reflect technique or design. Materials must be safe and age-appropriate. This project encourages experimentation while upholding elements and principles of design. Exhibitors are encouraged to include a brief artist statement describing their technique, inspiration, and creative process. This category is ideal for youth blending disciplines or exploring new artistic technologies. If a project fits more clearly within an existing category, it should be entered there instead.

Visual Arts Three-Dimensional Design/Mixed Media (SF 50348)

Art pieces in this class must be comprised of **at least three different media**. To ensure a true mixed media composition, no single medium should dominate the piece. As a guideline, each medium should contribute roughly equally to the overall design. One material should not appear to be the main focus or make up the majority of the work. The piece should **be either freestanding or should be prepared to be hung**, and viewable

from at least three different sides. Originality and design are important concepts. Craft kits, preformed, or assembled projects are not acceptable. Due to space limitations, any single exhibit in the Three-Dimensional Design/Mixed Media project should NOT exceed 48" x 48".

Visual Arts Wood (SF 50349)

Any original item made of wood (wood carving, sculpture, collage, wood burning, etc.). Utilitarian wood items made from patterns or kits (outdoor or indoor furniture, shelves, etc.) should be entered in woodworking, **NOT** Visual Arts. Popsicle stick crafts are not acceptable for State Fair entry. Wood items that have been partially or totally created using laser cutting devices or programs should be entered in Computer-Generated Art. All Visual Arts Wood exhibits **MUST** have an artistic element that the exhibitor can explain. If the exhibit is a piece of furniture, it should be entered in Woodworking unless the primary focus is an artistic element, such as wood carving or wood burning. Exhibits will be judged using a Visual Arts Rubric and not a woodworking construction rubric.

Artisan Crafts

Visual Arts Fiber (SF 50339)

Any original item made of fiber. Examples include but are not limited to fabric collage, soft sculpture, stitchery, weaving, embroidery, cross-stitch, wearable art, hooking, braiding, duct tape artistry, string art, and baskets. **Original** cross-stitched, knitted, or crocheted items belong in this Fiber class. **Non-original** cross-stitched, knitted, or crocheted items should be entered in Heritage Arts. Machine-knit items are not appropriate for this class.

PLEASE NOTE THE FOLLOWING:

- Paper twist articles made from a kit or directions in a craft book or store ARE NOT original and not appropriate in the Visual Arts Paper exhibit area. Scrapbooks are also not eligible in Visual Arts Paper but should be exhibited in Visual Arts Scrapbooking.

Youth For the Quality Care of Animals (YQCA)

Deadline to complete: May 1, 2026

Website: <https://yqcaprogram.org/>

Youth for the Quality Care of Animals (YQCA) is a national multi-species quality assurance program for youth ages 8 to 21 with a focus on three core pillars: food safety, animal well-being, and character development. YQCA includes information for youth showing the following food animals: pigs, beef cattle, dairy cattle, sheep, goats, market rabbits, and poultry.

Required Species: Dairy Cattle, Beef Cattle, Swine, Sheep and Goats

If you choose to take the online version, it is the responsibility of the youth to provide a copy of the YQCA certificate of completion to the extension office by the May 1 deadline. 2026 Fair. If the animal is not listed, it will not be able to show. Animals cannot be added after the Ownership Deadline.

Penalty for falsification will result in the member being banned from competition in any class at the show for the current year. These are the requirements for Richland County 4-H program and may vary from Illinois State Fair requirements.

- Registration papers issued by respective breed associations will be required in all purebred classes. Registration must show ownership of the animals in the name of the exhibitor or ownership by immediate family members (considered to be individuals living in the same household), including the exhibitor, for the period required in the 4-H or FFA projects. Original registration papers, copies, and electronic papers will all be accepted.
- Registration papers must be available to the Show Superintendents and Extension Staff at weigh-in/check-in and when checking ear markings, tattoos, or other identification. *In extreme emergencies, a copy of the registration paper emailed from the respective National Breed Association directly to the Extension office will be accepted. - Ownership is required of the 4-H animal. Special alternatives, such as sharing or leasing projects, in which the expenses of the animal and the purchase or sale price are agreed upon between the 4-H member, the animal producer providing the animal, and 4-H staff. Lease forms can be provided by the Extension Staff if asked.
 - *EXCEPTIONS: Horses and Dogs have an official lease option as a 4-H project. The 4-H member must complete a lease form. Horses owned by distant family (aunts, uncles, cousins or grandparents) are considered leased horses. Rabbits have no ID.
