Important Notes:

- Bring a water container or traveling mug.
- Dress for the weather because a little rain and cool weather will not keep us in. Only severe weather will stop us from going outside.
- Wear sturdy shoes or boots, something you will not mind getting wet or muddy. Not all terrain is level, if you have a walking stick you may also want to bring that.
- I suggest wearing a hat or bandana while we are on hikes or in the sun. I do have sunscreen and insect repellent available, but you may also want to bring your own.
- Bring a sack lunch & a chair. We will take a lunch break around 12 noon to 12:30 most days.
