The 2026 4-H Show season is upon us!

We understand that fair season is a very exciting, but sometimes stressful, time of the 4-H year. The 2026 Show Book is a resource that will help you prepare to showcase your projects. This tool includes show schedules, what to expect during conference judging, and 4-H show policies and exhibit requirements. Please read all sections of the Show Book, paying close attention to the General Policies and Procedures. Be sure to review your individual exhibit requirements very carefully as things can change from year to year.

A few general tips on how to use the Show Book:

- Follow the exhibit requirements closely—noting any size limitations and/or instructions to bring supplemental materials from the project book.
- If you exhibit livestock/horse/small animals:
 - Remember to complete the required ethics trainings (see Livestock Policy section)
 - Remember to bring the required paperwork for all live animal shows (health papers, negative Coggins test, records, etc.)
- Cloverbuds have their own project areas and get “judged” differently than 4-H members.

Our staff is always here to support you. If you have any questions, feel free to call the Extension Office. We are here to help you! Reading this book in advance, being familiar with our show guidelines, and seeking clarification helps you build a better show experience for everyone.

We are looking forward to a great season of 4-H Shows! Remember, judging is a learning experience. Presenting your project at the show is not the end of your learning, nor does it measure all the learning or fun you experienced in the 4-H project. The show is only one measure of success. Recognizing how much you have learned and being proud of your accomplishments are important rewards. We are proud of you and your accomplishments and hope you are too! We encourage you to invite your family and friends to witness your 4-H accomplishments at the show. All Carroll County 4-H animal shows are open to the public. General Projects will be on display for the public to see after judging takes place.

Good luck and see you at the fair!

Sincerely,

Jane Shaw

4-H CODE OF CONDUCT

The opportunity to participate in or attend 4-H activities is a privilege and not a right. All 4-H participants—youth, families, volunteers, and Extension staff—who participate in or attend any activity or event sponsored by the University of Illinois Extension 4-H Youth Development Program are expected to uphold the values of the Illinois 4-H program and conduct themselves according to the following standards. These standards also apply to online 4-H activity, including social media and internet presence. Our first priority is to create a safe, inclusive space for learning, sharing, and collaboration that is welcoming to people from diverse backgrounds, cultures, and perspectives. Diversity includes, but is not limited to: race, color, religion, political beliefs, national or ethnic origin, immigration or citizenship status, sex, gender identity and expression, transgender status, sexual orientation, age, marital or family 108 status, educational level, learning style, pregnancy, physical appearance, body size, and individuals with disabilities.

1. **Create a Welcoming Environment for All.** Encourage everyone to fully participate in 4-H. Recognize people have skills and talents that can help others and improve the community. Though we will not always agree, we must disagree respectfully. When we disagree, try to understand why.
2. **Bring Your Best Self.** Conduct yourself in a manner that reflects honesty, integrity, self-control, and self-direction. Accept the results and outcomes of 4-H contests with grace and empathy for other participants. Accept the final opinions of judges and evaluators. Be open to new ideas, suggestions, and opinions of others.
3. **Obey the Law.** Commit no illegal acts. Do not possess, offer to others, or use alcohol, illegal drugs, or tobacco products which include e-pens, e-pipes, e-hookah, e-cigars, JUULs, vapes, vape pens or other electronic nicotine delivery systems. Do not possess or use weapons or firearms except as expressly permitted as part of supervised 4-H shooting sports programming. Do not attend 4-H activities under the influence of alcohol or illegal substances.
4. **Honor Diversity—Yours and Others'.** Respect and uphold the rights and dignity of all persons who participate in 4-H programs.
5. **Create a Safe Environment.** Do not carelessly or intentionally harm or intimidate anyone in any way (verbally, mentally, physically, or emotionally). Do not engage in romantic displays or sexual activities in either public or private situations. Be kind and compassionate toward others. Do not insult, harass, or bully others or engage in other hostile activities. Be considerate and courteous of all persons and their property.
6. **Be a Team Player.** Work cooperatively with all individuals involved in 4-H programs and activities. Be responsive to the reasonable requests of the person in charge. Respect the integrity of the group and the group's decisions.
7. **Participate Fully.** Participate in and contribute to planned programs, be on time and follow through on assigned tasks/responsibilities in a manner that fosters the safety, well-being, and quality of the educational experience for yourself and others. Have fun!
8. **Watch What You Wear.** Use good judgment. Wear clothing suited for the activity in which you will participate. Dress in a manner that is respectful to yourself and others. Clothing that displays or promotes violence, obscenity, illegal activities, discrimination, or intimidation is prohibited. Do not wear revealing clothing, such as short skirts or shorts, midriff-baring tops, or anything showing undergarments.
9. **Be a Positive Role Model.** Act in a mature, responsible manner, recognizing you are role models for others and that you are representing both yourself and the University of Illinois Extension 4-H Youth Development Program. Be responsible for your behavior, use positive and affirming language, and uphold exemplary standards of conduct at all 4-H activities.

CONSEQUENCES: Any of the following may be used, depending on severity of the situation:

1. Participant will receive a verbal warning.
2. Participant may remain at the event/activity but may be barred from future events.
3. Participant may be asked to leave the event/activity. If the participant is a youth, the parent(s) will be called, and the youth will be sent home.

POLICIES AND PROCEDURES

MEMBERSHIP

1. The Illinois 4-H program year is September 1 through August 31.
2. Any youth who is at least 5 years of age but has not yet turned 19 years of age on September 1 of the current 4-H year can be a member.
 - a. Members ages 5-7 are Cloverbuds and should refer to the Cloverbud Show Book for ways to participate in a 4-H Show.
3. A youth may enroll in a club or as an independent member with a mentor. Clubs include multi-project clubs, SPIN (special interest) clubs and Cloverbud clubs.
4. Multi-county 4-H members: 4-H members who belong to a club in multiple counties must have a shared membership agreement on file with all counties, signed by staff, and clarifying which county will be responsible for paying premiums on exhibits. They cannot enroll in the same project in each county and cannot exhibit the same project in more than one county.

Per the Illinois 4-H Management Handbook: *“Shared membership is designed to meet the changing needs of today’s families, including youth who live with parents or guardians in dual or multiple legal residences due to divorce or separation. Shared membership is also an option when a project(s) or exhibitions are not offered in the county of residence. It is NOT an option just because a 4-H show is deemed better in a neighboring county, or the 4-H member has friends or relatives who are enrolled in another county.”*

ENROLLMENT

5. Youth must be fully enrolled in ZSuite. Please consult county Extension staff for any clarification.
6. New 4-H members may enroll in 4-H and select a project at any time of the year. However, to be eligible to show projects, a member must be enrolled in the project they wish to show by May 1. Youth who do not comply are not eligible to take part in 4-H exhibitions or receive 4-H premiums.
 - a. Members must attend one half of club meetings.
 - b. Members may select a project to show after May 1 if a 4-H experience is held after the project enrollment deadline but before the fair enrollment deadline.
7. All 4-H members must be enrolled in a minimum of one project. Participation in 4-H exhibitions is optional on the part of the 4-H member. Project support materials are available on national, state, regional, and local levels.

ENTRIES

8. Show entries MUST be completed at fairentry.com no later than JULY 1. Instructions are included in this show book.
9. Club leaders are NOT responsible for show entries. Contact the local Extension office for assistance.
10. If a member does not enter their exhibit classes in FairEntry, they will not be eligible to show.

GENERAL SHOW EXHIBIT GUIDELINES

11. All entries must be products of the current 4-H year (September 1-show date).
12. If the entry is selected as a State Fair Delegate, the same product or speech at the county level must be exhibited at the State Fair with minor adjustments made to 1) meet State Fair requirements or 2) incorporate suggested improvements made by the county-level judge. Exceptions include Foods and Nutrition (must be the same recipe), Agronomy (plant exhibits), Floriculture, Vegetable, Fruit or Herb Plate/Displays.
13. 4-H members must show their own exhibit.
 - a. If a 4-H member is unable to attend a 4-H show, a request to complete an Absentee 4-H Project Report must be made to the Extension office no later than two weeks prior to the show date.
 - b. Arrangements may be made for another 4-H member to show the exhibit along with the Absentee 4-H Project Report. In no case will a non-4-H member be allowed to make or show the absentee member’s exhibit.
 - c. To make an Absentee Request: Contact the county 4-H Program Coordinator stating the need to complete an Absentee 4-H Project Report. Be prepared to share the name of the 4-H member who will show the exhibit in the place of the absentee member or state that you will have a written report only. The absentee form can be found at the back of this show book.
 - d. Any emergency situations that arise related to an absentee request will be assessed on a case-by-case basis by Extension Staff.

14. No equipment will be provided for any exhibits. Exhibitors should be aware that electrical outlets and internet availability are not always located near judging locations and should take that into consideration when bringing exhibits.
 - a. For Public Presentations the following items may be available if requested in advance: podium, sound system, and extension cord.
 - b. Exhibitors must furnish any additional equipment they feel is necessary to properly critique their exhibit (example: a computer)
15. Exhibitors are paid a premium (if available) on only one entry per exhibit class.
16. Members are responsible for exhibiting the correct article, information, etc. based on listed exhibition requirements. Please be mindful to ensure display size fits within the listed project guidelines. Larger does not always mean better; use good judgement in creating your exhibit.
 - a. If a member is unclear on show requirements, they are responsible for seeking clarification from Extension Staff prior to show day.
17. Exhibits illustrating inappropriate subject matter and/or graphics are not acceptable. Extension Staff reserve the right to not display exhibits deemed inappropriate or dangerous for youth audiences. Items deemed potentially dangerous to fair-goers may be removed from the exhibit.
18. The Illinois State Fair General Projects Show date for Carroll County: **Sunday, August 16, 2026.**

JUDGING & RECOGNITION

19. Conference judging will be used to assess most exhibits. This is a method used to determine how well a 4-H member meets the requirements set for their project. This is a one-on-one discussion between the 4-H member and the judge of the project area. Judges consider the knowledge exhibited by the member, the appearance of the exhibit, and any project book work completed by the member. The judge will ask the member questions about their project. For example, the judge may ask:
 - a. What steps did you take to complete this exhibit?
 - b. What did you like about this project? What changes would you make to this project?
 - c. What did you learn from this project?
20. Blue (A), Red (B) or White (C) ribbons will be awarded for each exhibit based on the judge's assessment.
 - a. Blue: exhibit meets standards
 - b. Red: exhibit needs improvement
 - c. White: exhibit needs much improvement
21. Judges utilize a score sheet for each project area. All sheets can be found under their specific project areas on the Illinois 4-H Website: <https://4h.extension.illinois.edu/members/projects>
22. **State Fair awards, Champion, or additional awards in any class will be determined at the discretion of the judge.** If exhibits do not meet the exhibit requirements and are not of exceptional quality, the judge is not required to promote exhibits. There must be at least two (2) participants per class for a Champion ribbon to be awarded.
23. Champion ribbons or other awards may not necessarily be given to State Fair delegates. The judges' decisions are final.
24. All awards above the Blue, Red, or White ribbons are subject to change.
25. Parents/guardians/friends are not allowed in the judging area.

4-H PREMIUMS

26. Exhibitors will receive premiums for only one entry per class.
27. The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year in which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in this 4-H Show Book.
28. 4-H premiums will be paid using the X-factor. The X-factor system ensures that all monies available for premiums are distributed to those 4-H members who exhibited their projects. X-factors are unit value figures and not dollars and cents. Premiums may NOT be awarded in every project area. At the conclusion of the 4-H Show, the computer tallies a total number of Xs awarded. The total of Xs is divided into the amount of premium money available from the State Agriculture Premium Fund.
29. Premiums will be distributed at the following levels:

Level 1 – Livestock/horse/small animals exhibit classes: Blue = 7X Red=5X White 3X

Level 2 – All non-livestock classes including Animal Science: Blue = 5X Red = 3X White=1X
30. Tax Implications for Prizes, Gifts or Awards: Program participants (including minors) will be required to provide their social security number or foreign national tax ID number prior to receiving a prize, gift, or award, including 4-H Premiums, to ensure proper IRS reporting as required by law. This sensitive information is kept confidential and handled through security-protected software (PEAR). Participants will not be able to receive the prize/gift, if social security or foreign national tax ID information is not provided. Contact the Extension office if you have questions.

CONFERENCE JUDGING TIPS

A note to members:

Judging is a learning experience. You can learn what you did well and what you could improve on in the future. An exhibit does not measure all that you have learned, but it is an example of what you have done.

1. During conference judging, the judge will encourage you to talk about your project exhibit.
2. You will be asked some questions about your exhibit, so you should be prepared to tell what you were trying to do in your project (like your goals and objectives) and be able to describe the methods and processes used to produce the exhibit.
3. Read and follow the rules and requirements for your project carefully.
4. Be a good sport.
5. Listen carefully to the judge so that you can accept constructive criticism and learn from it.
6. Remember, judging comments can be helpful, but they are only one person's evaluation.
7. Realize that people sometimes make mistakes.

A note to parents/guardians:

Each child is an individual of utmost importance. Keeping this in mind, as adults, we should try to make 4-H a positive learning experience. Part of this experience is the 4-H exhibit. The 4-H exhibit is not an end in itself nor does it measure all the learning that takes place in the 4-H project. The exhibit is only one measure of success. Self-recognition, self-satisfaction, and learning from completing the project are important rewards.

1. Points to discuss the purpose of judging with 4-H members:
 - a. To evaluate the exhibit which is an example of the member's work.
 - b. To help each member see the process and development and put judging in perspective.
2. Help the member set realistic goals for themselves according to their own age and experience.
3. Be sure that your goals as an adult are in line with the member's age and experience.
4. Recognize good work. Give constructive criticism.
5. Be familiar with the requirements or criteria of the 4-H project that is to be judged.
6. Be familiar with several methods of accomplishing the desired result.
7. Regardless of who does the judging there are some basic points to keep in mind:
 - a. The development of young people is our first consideration in 4-H work.
 - b. We are more concerned about what the 4-H member learns than with the exhibit itself.
 - c. Projects are a means to an end—not an end in themselves.
 - d. No exhibit is so poorly done that it is not worthy of an encouraging comment.
 - e. No exhibit is so well done that some improvement may not be made.
8. Judging is done according to quality standards. It is not a matter of personal whim or tastes. The standards are:
 - a. high, but attainable;
 - b. appropriate to different age levels;
 - c. known by the 4-H members.
9. Projects are evaluated, not members. All completed projects meeting show requirements will receive a Blue, Red, or White rating. Projects are evaluated independently, not compared.
10. Stress that judging comments can be helpful, but that they are only one person's evaluation.
11. In competition, avoid overemphasis of the winner. Help the child accept the results of the competition and realize that, through each individuals' growth and accomplishments, everyone is a winner.

4-H GENERAL PROJECT EXHIBIT GUIDELINES

Exhibiting in the 4-H Show is a privilege. It is the responsibility of the exhibitor to follow the general rules of the division and the exhibit requirements for the specific class entered. The University of Illinois Extension personnel or their assigned agents do not assume liability for loss, theft, or damage to any exhibit. To see the complete list of rules for the Illinois State Fair General Project Show, please visit the Illinois State Fair page on the Illinois 4-H Website: go.illinois.edu/4HGeneralProjectGuidelines

EXHIBITORS:

- Exhibitors must be currently enrolled as a 4-H member and have been at least 8 years old as of September 1, 2025. Parents and leaders should make provisions for the adequate care and supervision of exhibitors.
- Exhibitors must be enrolled in the project or have participated in the activity in which they are exhibiting during the current year. Due to the nature of the conference judging process, exhibitors must be present.
- For youth and families: Conference judging is not about preparing a presentation. Judging is meant to be a conversation between the judge and 4-H member (or group) about the project and the learning experience. You may bring notes if you wish. Tips on creating an engaging display board are available at go.illinois.edu/4HDisplayTips.
- Accommodation requests must be received in advance by contacting your local Extension office.

GENERAL EXHIBIT GUIDELINES:

- All exhibits must be products of the current 4-H year (September 1, 2025 - August 15, 2026).
- Exhibits illustrating inappropriate subject matter and/or graphics are not acceptable. The Superintendents reserve the right to remove exhibits deemed inappropriate or dangerous for youth audiences. The content of any 4-H competitive presentation does not necessarily reflect the beliefs or views of the Illinois State Fair or the University of Illinois Extension 4-H program.
- Some exhibit areas may have size limitations. Read the descriptions carefully. Please choose a display size which is most appropriate for the exhibit you are bringing. Larger does not always mean better; use good judgement in creating your exhibit. Exhibitors will need to carry their project from the distant parking lots on the fairgrounds. **TABLES ARE PROVIDED. Do not bring your own.**
- **INNOVATION CLASSES** are open to all 4-H members in the project areas listed. Members choosing to exhibit in the Innovation class may be enrolled in any level of the project they are studying. Members choosing to exhibit in the Innovation class decide the best way to show their project mastery and knowledge for the year in that project category. Some suggestions are provided for each category, but members may choose any method they want for demonstrating project learning as long as it does not fit in any other class in that category. Only selected projects categories have an Innovation option.
- **GROUP PROJECT OPPORTUNITIES HAVE EXPANDED.** They include Civic Engagement, Diversity and Cultural Awareness, Leadership, Passport to the World, Service Learning, and Video.
- **Project Manuals:** Some projects require a project manual, book, workbook, or guide. These are indicated with a book icon.  Project books can be purchased from shop4-h.org or, in some cases, have a free PDF resource available on the [project's page on the Illinois 4-H website](#).

COPYRIGHT AND CLOVER USAGE:

- **Copyright Reminder:** It is illegal for youth to use an image or brand that someone else owns as part of their 4-H project exhibit without the permission of the copyright/trademark holder.
 - Copyrighted or trademarked designs are not acceptable; this includes team logos, school logos, and/or characters from television or movies such as Disney characters, Iron Man etc.
 - More details are in the Copyright Guidelines Tipsheet: go.illinois.edu/II4HCopyrightGuidelines.
- **Use of the 4-H Name and Emblem:** Chartered 4-H Clubs and enrolled 4-H members are authorized to use the 4-H name and emblem. This includes permission for an enrolled 4-H member to use the 4-H name and emblem in exhibits you create for personal use as part of 4-H sponsored events. This includes 4-H decorated cookies, a 4-H Clover printed out for use in a scrapbook, etc.
- **Please note:** Any use of the 4-H name and emblem on items intended as gifts or for sale require prior permission using this [UNIVERSITY AGREEMENT](#). This should be signed by the County Director. Any uses of the 4-H name and emblem for sale or promotion online, and/or in statewide events should be signed by the Illinois 4-H Director (illinois4H@illinois.edu).
- Use of the green clover shaped image is not protected. The 4-H emblem is distinguished by the four Hs that signify Head, Heart, Hands, and Health. No creative rendering, changing in color or shape of the official 4-H emblem is allowed.

Exhibitors will be asked to change into the garment as the second step of the judging process. For complicated costumes, judges may decide to waive the requirement to try on the outfit if they feel photos included in the Costume Design Workbook show the fit. If the garment was created for another individual, that person can come to judging to model the outfit, or photos of that person in the outfit can be supplied. (Only the exhibitor who made the garment is eligible for ribbon and premium.) If a pattern was used to make the item, the pattern instructions, either written or electronic, are to be included with the exhibit. Exhibit tags should be attached to the garment (preferably with a safety pin and string), not to the hanger. Garments may be worn before exhibiting but should be in good, clean condition. Both projects require youth to complete a project workbook and bring it to judging. All clothing projects in these categories should follow copyright guidelines. See project resource guides for additional details.

Costume design members wishing to be judged primarily on the sewing construction techniques and fit of their costume should consider entering the Sewing projects instead of Costume Design. The level to be entered will depend on the sewing techniques used.

Exhibitors must be enrolled in the Visual Arts project category in which they are exhibiting. Exhibitors are encouraged to date the project when it is made. Exhibitors must be able to carry or cart their exhibits across the fairgrounds from the parking lots. All visual arts exhibits are evaluated using a visual arts rubric, which considers correct use of design elements, craftsmanship, and creativity.

Articles exhibited must be an original design created by the exhibitor (except in Heritage Arts, which may follow a pattern). Copyrighted or trademarked designs are not acceptable; this includes team, school logos, and/or characters from movies such as Mickey Mouse, Iron Man, etc. Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does NOT make the design original. This also applies to ideas found on a site such as Pinterest. If you see something on Pinterest that you like, you can use that idea as your inspiration; however, create something that is fundamentally different. It **MUST NOT BE AN EXACT REPLICA OF** something the judge can search for and find on Pinterest. The exhibit may combine parts of different patterns and/or ideas with the concepts of the member; however, changing the color or changing the size of the item or pattern used does NOT make it original. If you create an exact replica of what you see somewhere else, it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit. Be prepared to explain how and where you got the idea for this project.

When utilizing repurposed materials, source wisely to avoid materials from old furniture, painted wood, or metal objects that may contain lead-based paint. Items manufactured before 1978 are particularly risky. If you are unsure, lead testing kits to check painted surfaces are available at hardware stores. Consider safely stripping or sealing unknown paint with a non-toxic barrier to prevent exposure.

Use of the 4-H Clover:

Chartered 4-H clubs and enrolled 4-H members are authorized to use the 4-H Name and Emblem. This includes permission for an enrolled 4-H member to use the 4-H name and emblem in exhibits created for personal use and as part of 4-H sponsored events. This includes 4-H decorated cookies, a 4-H clover printed for use in a scrapbook or included as part of any other 4-H exhibit. Use of the green clover shaped image is not protected. The 4-H "emblem" is distinguished by the four Hs that signify Head, Heart, Hands and Health. **No creative rendering, changes in color or shape of the official 4-H emblem is allowed.**

NOTE – Any use of the 4-H Name and Emblem on items intended as **gifts or for sale locally** requires prior permission from your local Extension office. Your Extension office will be able to provide you with the form which must be signed by the Extension County Director. Any uses of the 4-H name and emblem for sale or promotion **online, and/or in statewide events** should be signed by the Illinois 4-H Program Leader (Illinois4H@illinois.edu).

FINE ART AND DESIGN

Visual Arts Chalk/Carbon/Pigment (Drawing and Painting): Division A, B, or C

Enter the division based on the type of material on which the art was created.

Chalk/Carbon/Pigment (Drawing and Painting): Division A: Canvas (SF 50336a)

Any original artwork created on canvas using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. All artwork must be either framed, matted, or otherwise prepared for display. Oil and acrylic paintings may be exhibited without glass or matting and are acceptable unframed if the canvas edges are finished and the piece is ready to hang. Watercolor, chalk, pen and ink, and similar media require protective covering, such as glass or a clear sleeve. Gallery-style frames and matted-only presentations are both acceptable, provided the piece is equipped for hanging. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used.

Chalk/Carbon/Pigment (Drawing and Painting): Division B: Paper (SF 50336b)

Any original artwork created on paper using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. All artwork must be either framed, matted, or otherwise prepared for display. Oil and acrylic paintings may be exhibited without glass or matting and are acceptable unframed if the piece is ready to hang. Watercolor, chalk, pen and ink, and similar media require protective covering, such as glass or a clear sleeve. Gallery-style frames and matted-only presentations are both acceptable, provided the piece is equipped for hanging. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used.

Chalk/Carbon/Pigment (Drawing and Painting): Division C: Clay, Glass, Wood, Metal, Textiles (SF 50336c)

Any original artwork created on clay, glass, wood, metal, or textiles using traditional materials such as pencils, chalk, pens, ink, paint, charcoal, or dyes. Original glaze painting on pre-formed clay surfaces is acceptable, provided the design demonstrates creativity and artistic effort. Simply adding a single color or minimal decoration, for example, painting a frog entirely green, does not meet the criteria for original artwork. All artwork must be either framed, matted, or otherwise prepared for display. If the artwork is not designed to hang, exhibitors must include a photo showing how it will be displayed (e.g., on a stand or easel). There is no restriction on the type of mat used. If you are painting on clothing, consider entering your work in the "Clothing Embellishment" project, "Applied" class.

Visual Arts Clay (SF 50337)

Any original item made of clay may be fired or unfired, hand-formed or thrown on a wheel. Ceramics, oven-cured, cornstarch, air-dry/self-hardening, and fire-cured clays are acceptable. Modeling clay is not recommended as it does not harden and risks melting. Items can include, but are not limited to, clay statues, bowls, jewelry, etc. Pre-formed ceramics should refer to Visual Arts Chalk/Carbon/Pigment for guidance.

Visual Arts Computer-Generated Art (SF 50338, SF 50370)

- **Computer-Generated Art (SF 50338)**

Any original artwork created using any software package, where all pixels must be entirely original. Exhibits may not contain scanned images, clip art, downloaded content, imported graphics, or photographs. Photo mosaics are not permitted. Wood and metal pieces created through laser cutting software should be entered in this class, as should plastic artworks produced with a 3-D printer if they have an artistic focus. If the artwork is designed to hang, it must include protective covering, such as a glass frame, and be prepared for hanging. Laser-cut pieces not intended for hanging do not require protective covering or hanging hardware.
- **Graphic Design (SF 50370)**

Any original art created in any software package that displays visual information, such as an advertisement, publication, website, or any other type of visual communication, by effectively combining text and graphics. If using clip art, downloaded images, imported images, or photographs, they must be either royalty-free or owned by the exhibitor.

Visual Arts Glass & Plastic (SF 50340a, 50340b)

Any original item made of glass or plastic.

- **Glass 50340a**
Possible items to exhibit include stained glass, etched glass (original design), mosaics made of glass, and glass beading.
- **Plastic 50340b**
Possible items to exhibit include plastic jewelry (friendly plastic); recycled plastic art; plastic that can be molded into 3D shapes.

Stepping stones can be entered as a Visual Arts exhibit in Glass & Plastic, however, they must have an intentional design created using glass and/or plastic, and the exhibitor must be prepared to discuss the design elements associated with their exhibit.

Visual Arts Metal (SF 50342)

Any original item made of metal, such as a sculpture, a tin punch, an engraved metal, or jewelry. Items intended for industrial use (such as tools and/or shop items) are not considered part of this Visual Arts project and are not eligible for entry. Metal items that have been partially or totally created using laser cutting programs/devices should be entered in Computer-Generated Art.

Visual Arts Open Form and Emerging Techniques (SF 50350)

Any original artwork that explores unconventional formats, mixed media, or emerging creative technologies that reflect technique or design. Materials must be safe and age appropriate. This project encourages experimentation while upholding elements and principles of design. Exhibitors are encouraged to include a brief artist statement describing their technique, inspiration, and creative process. This category is ideal for youth blending disciplines or exploring new artistic technologies. If a project fits more clearly within an existing category, it should be entered there instead.

Visual Arts Three-Dimensional Design/Mixed Media (SF 50348)

Art pieces in this class must be comprised of **at least three different media**. To ensure a true mixed media composition, no single medium should dominate the piece. As a guideline, each medium should contribute roughly equally to the overall design. One material should not appear to be the main focus or make up the majority of the work. The piece should **be either freestanding or should be prepared to be hung**, and viewable from at least three different sides. Originality and design are important concepts. Craft kits, preformed, or assembled projects are not acceptable. Due to space limitations, any single exhibit in the Three-Dimensional Design/Mixed Media project should NOT exceed 48" x 48".

Visual Arts Wood (SF 50349)

Any original item made of wood (wood carving, sculpture, collage, wood burning, etc.). Utilitarian wood items made from patterns or kits (outdoor or indoor furniture, shelves, etc.) should be entered in woodworking, **NOT** Visual Arts. Popsicle stick crafts are not acceptable for State Fair entry. Wood items that have been partially or totally created using laser cutting devices or programs should be entered in Computer-Generated Art. All Visual Arts Wood exhibits **MUST** have an artistic element that the exhibitor can explain. If the exhibit is a piece of furniture, it should be entered in Woodworking unless the primary focus is an artistic element, such as wood carving or wood burning. Exhibits will be judged using a Visual Arts Rubric and not a woodworking construction rubric.

ARTISAN CRAFTS

Visual Arts Fiber (SF 50339)

Any original item made of fiber. Examples include but are not limited to fabric collage, soft sculpture, stitchery, weaving, embroidery, cross-stitch, wearable art, hooking, braiding, duct tape artistry, string art, and baskets. **Original** cross-stitched, knitted, or crocheted items belong in this Fiber class. **Non-original** cross-stitched, knitted, or crocheted items should be entered in Heritage Arts. Machine-knit items are not appropriate for this class.

Any original item made of natural material, such as wreaths, cornhusk dolls, and similar creations. Items should be made of natural materials, but securing elements such as glue and wire may be used in the inner construction as long as they do not detract from the overall “natural” appearance. Engineered wood may be utilized as part of the exhibit to adhere natural materials, not as an element of the design. Articles such as dried pressed flowers may be displayed under glass if viewed as necessary for the protection/preservation of the natural materials. Candles and baskets are not suitable as entries and instead should be entered in Heritage Arts.

Visual Arts Paper (SF 50344a & SF 50344b)

Any original item made of paper. Exhibitors should create an exhibit that aligns with one of the following categories:

- **Two-Dimensional Paper Art (SF 50344a)**

- **Three-Dimensional Paper Art (SF 50344b)**
Exhibits should be a 3-dimensional image. Exhibits in the 3-dimensional category must have multiple layers and/or levels. This is defined as more than 3 layers, so the image truly has dimensions that can be viewed from at least three sides, or is at least ½" tall. Paper art which falls into the 3-dimensional category includes but is not limited to: origami; paper mache; paper models of architecture; paper-cut designs; quilling.

PLEASE NOTE THE FOLLOWING:

- Paper-cut designs and quilling have the potential, depending on the design, to align with either of the categories. The key design element is whether the design is 2-dimensional or 3-dimensional.
- Paper twist articles made from a kit or directions in a craft book or store are NOT original and not appropriate in the Visual Arts Paper exhibit area. Scrapbooks are also not eligible in Visual Arts Paper but should be exhibited in Visual Arts Scrapbooking.
- If creating origami, folded pieces should either be used to create a bigger project, such as a mobile or wreath, or multiple pieces of origami should be displayed. Exceptions would be if the exhibitor created their own folding pattern.

All county and state horse and dog exhibitors must complete QAEC one time during their showing career. Those who have completed it in the past do not have to complete it again.

The Youth for the Quality Care of Animals (YQCA) program is mandatory for all dairy, beef, swine, sheep, and goat exhibitors in 4-H. Details on this program are available at your county Extension Office.

Horses – Ownership, lease papers, photos, and entries are to be sent in together directly to: Stephanie Hardy at the Illinois State Fair by June 1 for verification of State Fair entries at: ISF.Livestock@illinois.gov. If units wish to keep copies of this information for their own shows, they should request a copy from the exhibitor.

All junior exhibitors will need to pay entry fees for any/all animals entered. Fees will be due with class entries – June 1 for Horses, July 15 for all other livestock. Fees will be updated in the State Fair Premium Book.

4-H Showmanship Guide

General Showmanship Rules for all species. See each species section for additional information.

All ages are as of September 1, 2025.

- Age divisions differ by species (see species sections for specific age breakdowns).
- All 4-H members are eligible for Showmanship.
- Pre-registration is required in FairEntry to receive a premium.
- Youth continue to show in their age division regardless if they have won that division in previous years.

Show day at the 4-H Show, county fair, and state fair is your “moment of truth.” What you have learned, how you have managed your animal, and how well you control your animal are all tested.

Showmanship contests are evaluated based on preparation of animals for show, the apparent training, and the appearance and behavior of the exhibitor. The animal’s conformation should not be considered except as it may affect the way an animal should have been fitted or shown. Basic skills and both grooming and showing should not be confused with current fads and trends.

This is an outline of desirable showmanship practices and their relative importance. The showmanship judge should make their placing according to the degree of excellence displayed in carrying out these practices.

Judging Criteria

- Judging should be based on preparation of animals for show, their apparent training, and the appearance and behavior of the participating showperson.
- Type of animal should not be considered unless it will affect the way the animal should be fitted and shown.
- Fine or technical points should not be overemphasized to the extent that they are given more weight than an effective job of presenting a clean animal, nor should minor infractions result in the disqualification of a showperson.

The Purpose of Showmanship is to:

- Provide a means for youth to learn, practice, demonstrate, and improve their knowledge of their animal species.
- Provide a means for youth to learn, practice, demonstrate, and improve the correct way to handle their animals.
- Provide a means for youth to demonstrate how to present their animals to a judge, emphasizing their animal’s best traits.
- Teach youth good sportsmanship, experiencing winning and losing amongst their peers.
- Provide a reason for youth to interact with their animals, forming a closer human-animal bond.
- Improve the member’s communication skills, self-esteem, and self-confidence.

General Showmanship Guidelines

- When you arrive at the show, check the show ring or show area for low spots or dark areas. This will help you avoid these areas when setting up your animal, both improving the appearance of your animal and impressing the judge.
- Know the show schedule and be ready when your class is called. A late arrival in the show ring may cause some confusion or distract the judge. It is wise to confirm that your animal is entered in the correct class. Observe the judging of a few classes prior to when you show to familiarize yourself with the show procedures and the judge's preferred show style.
- A big percentage of showmanship is how well an animal handles, cleanliness, and cooperation between the animal and the handler. Make sure the animal is **clean, well-groomed, and well-trained**. Trimming and clipping the animal should be done according to preference of the owner. A member should not be penalized for being unable to afford clippers or not having anyone to help. Members should seek help and attend training sessions in the use of clippers and other grooming clinics.
- **Make sure the animal looks its best** from the time it enters the ring until it leaves.
- If you have the chance to be first, **go for it!** Remember the first impression that a judge has of you and your animal is very important.
- Proper show equipment is a necessity and make sure it is **clean and fits properly**.
- Seven to ten days before the show, treat your animal as if you were at the show, use the same water and feed buckets, for example.
- The more you work with your animal the more it will get used to setting up and you will have to do little work during the show.
- Keep showing until the entire class has been placed, the judge has given their reasons, and you have been dismissed from the show.
- Alertness during the show is extremely important. Keep an eye on the judge and on your animal.
- Be prepared to handle any animal the judge designates (poultry and rabbit only).
- **Attitude is worth a lot in the show ring:**
 - Be courteous and polite to the judge and fellow showpersons in the show ring.
 - Always remember to control your emotions and appear engaged but relaxed, regardless of placing, accepting the decisions of the judge in a sportsmanlike manner.
 - Be a modest winner and a gracious loser.
 - Be quiet and patient around your animal. You will accomplish more by walking slow, than by being mean to your animal.
 - Your behavior, attitude, and ability are important. Sportsmanship and temperament are good indicators of a good showperson. Remember the judge may be watching you whether you are in the show ring or not.
 - There is nothing wrong with saying "Yes, Sir" or "Yes, Ma'am" to recognize the judge as an official. If you have questions, ask the ring steward.

Appear neat and clean. Wear tidy, practical, clean, serviceable clothing for the particular animal type. Nothing should be worn that focuses the attention on the handler rather than the animals and that will distract the animals.

- Long sleeve shirts are recommended.
- Hair should be neat, clean, and out of your face. Tie long hair back.
- Do not chew gum.
- Dress code guidelines may vary from show to show. Find out what is required before show day.
- Exhibitor numbers should be worn on your back or on the front of your shirt.
