4-H DOG CLINIC

Join Abigail Lewis, a local dog trainer and 4-H volunteer, for a fun and informative clinic about the 4-H Dog Project!

Abigail will demonstrate several 4-H Dog Show classes, including **obedience and showmanship**, and share tips to help 4-H members and their parents learn more about showing their dogs.

This is a great opportunity for anyone interested in getting started with the 4-H Dog Project or learning more about what to expect at the dog show. We'll also share information about the **4-H Dog Special Interest Club**.

Please do not bring your dog to the clinic.

Register by calling the Extension office at 815-758-8194 or emailing Nicole at groezing@illinois.edu
