

2019 LOGAN COUNTY 4-H Achievement Recognition

Logan County Award Selection Criteria

Top County Awards

8-10 year olds – ALL received “Recognition for submitting 4-H Records” – participation awards.

11-13 year olds and 14 & older – Top/outstanding awards (based on achieving a minimum score or better) are given to recognize 4-H member efforts demonstrated within a particular 4-H project area during their 11-13 years. These project areas include Achievement, Animal Science, Community Involvement, Engineering & Technology, Environment/Natural Resources, Food/Nutrition/Health, Home & Family, Personal Development, and Plants & Soils. The award an individual receives is related to his or her main project area and are sponsored by Logan County 4-H Supporters listed in your program.

The criteria includes participation at club level and beyond, size/growth of project, variety of projects taken, talks/demos/service with 4-H, knowledge and skills, participation in activities in the 4-H program area and in other 4-H areas. Participation in school and community activities is also considered.

An 11-13 year old 4-H'er may receive the top award only once in each area. After that, the 4-H'er can be selected to receive the blue award from year to year only if minimum score or better is met and the selection committee feels the 4-H'er is worthy of the award again that year.

In the 14-19 year age category, the Top Awards being given are sponsored by Logan County 4-H supporters listed in your program. In order to be considered for these awards, 4-H'ers had to

complete and submit the Illinois 4-H Award Application where judging criteria are divided into four sections. Section 1 includes project/program size/growth, Section 2 includes participation in other community & school activities. The third section considers participation in 4-H Events/Activities and the last section, consists of two essays written by 4-H'er on their Mastery in an award area and their Impact in an award area. 4-H members 14-19 years of age can repeat from year to year as a Top Award winner.

Recognition for Members who Completed 4-H Records

The 4-H'ers are recognized for completing their 4-H records. The criteria was based on records being completed, overall neatness, being active in the 4-H club, beginning to attend county held activities, and participating in school activities.
