The Encouragement Award is a unique award intended to encourage children to keep trying their best. The Encouragement Award is reserved for a child who may not be receiving other types of 4-H medals and awards, but always tries to do his/her best on projects and at club meetings. Nominees should have at least completed 6th, 7th, 8th grade to be nominated. It is hoped that in receiving a special award such as this the 4-H member would be encouraged to remain in 4-H.

INSTRUCTIONS: Club leaders should nominate any deserving members from their club. Use a separate form for each member nominated. In the space below write why this child is deserving of this award. What is written will be used during the Evening of Excellence.
