“To Make the Best Better”

Mission & Policies

MISSION

The University of Illinois Extension 4-H Youth Development Program helps youth acquire skills for living. Participation in 4-H programs is a privilege and participants are expected to show respect to the 4-H leaders and other participants.

POLICIES

Illinois 4-H policies are established to maintain uniform implementation of the 4-H programs. As University of Illinois Extension employees and volunteers, it is our responsibility to carry out these policies in accordance with the mission and educational goals of 4-H. Generally speaking, counties/units and clubs/groups retain the right to establish rules and policies that govern their respective 4-H events. Such rules and policies may not supersede State and National 4-H policies.

THE 4-H YEAR

Policy 1

The 4-H year begins September 1 and ends on the following August 31.

Example: September 1, 2022, to August 31, 2023, is one 4-H Year.

MEMBER POLICY

Any youth who participates in a program, which is planned, organized, delivered, and evaluated by University of Illinois Extension is referred to as a 4-H youth participant or 4-H member.

Policy 1: Any person, regardless of race, color, religion, gender, national origin, ancestry, marital status, familial status, sexual orientation, or disability may participate in 4-H programs. Youth who are eight (8) years of age and have not reached their nineteenth (19) birthday on or before September 1 of the current 4-H year may enroll in a 4-H club.

Policy 2: Persons considered to be mentally challenged and are older than the eligibility age for 4-H club membership may participate fully in 4-H.

Policy 3: Extension units may allow 4-H enrollments by boys and girls who are five, six, or seven years of age on or before September 1 of the current 4-H year. This is a unit decision. If 4-H enrollment is offered to 5 to 7-year-olds, they must be enrolled as a 4-H Cloverbud member.

Policy 4: A member may participate in 4-H under a shared membership arrangement with another county or state; however, approval must be granted by both counties and states prior to enrollment. Members may not benefit economically from participating in multiple 4-H exhibitions, auctions, etc. in multiple counties. Members may apply for 4-H awards or recognition in only one county or state.

Policy 5: Youth should be enrolled in 4-H in the county sponsoring the 4-H club/group, even though they may live outside of the county.

Policy 6: *After a member's initial enrollment in 4-H, a member must re-enroll in the program on an annual basis to retain an active 4-H member status.*

Policy 7: A youth may enroll in 4-H clubs, special interest groups, short-term programs as an individual at any time during the 4-H year.

Policy 8: Members may transfer their 4-H enrollments to a different 4-H club/group within or outside the county, or may transfer their enrollments from another state to Illinois 4-H. In cases of membership transfer, the original enrollment date will be used as a basis for determining eligibility for participation in 4-H programs and events.

Policy 9: Tenure of membership refers to the cumulative number of '4-H years' in which the member is enrolled regardless of the location of that membership. Youth are recognized for their cumulative years of 4-H membership regardless of the intensity or duration of their 4-H participation, i.e., 4-H club, special interest group, or individual enrollment. Years of 4-H participation in another state, county, or club/group will be recognized for membership tenure in cases of membership transfers. **Years of 4-H Cloverbud participation count in determining tenure in the 4-H Cloverbud program only.**

Policy 10: 4-H membership may not be terminated during the 4-H year without that member's knowledge. Termination of membership may not be based on attendance.

Policy 11: A \$20 year 4-H Program Fee is applied to members who are part of a sustained 4-H experience. This includes youth enrolled in 4-H clubs, special interest groups (SPIN groups), Cloverbud groups and after-school clubs. No child will be denied the opportunity to participate in 4-H due to his/her inability to pay the 4-H Program Fee. Extension staff will confidentially handle any requests for assistance with the 4-H Program Fee. Discounts or scholarships are encouraged and are made available inasmuch as donors underwrite the 4-H Program Fee.

Policy 12: Counties are under no obligation to accept 4-H members from any county that chooses not to fund its own University of Illinois Extension programs through the agreement process with the University of Illinois Extension.

Policy 13: All youth who meet applicable qualifications may participate in state 4-H activities and events, including Citizenship Washington Focus, Illini Summer Academies, State 4-H Leadership Convention, international travel, and other programs regardless of the intensity and duration of their local club/group or county 4-H participation.

Policy 14: Independent membership is available to post high school 4-H'ers living outside the county. It is designed for older teens that are living away from home while pursuing advanced education.

PROJECT ENROLLMENT

Policy 1: All 4-H members must be enrolled in a minimum of one project or course of study.

Policy 2: A member may add or delete project enrollments at any time during the 4-H year. However, Coles County 4-H'ers must be enrolled by **May 1** of the current 4-H year to be eligible to participate in 4-H exhibit opportunities. Members may not exhibit projects they are not enrolled in.

4-H EXHIBITIONS

Policy 1: Coles County 4-H members must meet attendance requirements to exhibit in any project area, receive 4-H premiums or other 4-H awards and recognition. To meet attendance requirements, members must

- Attend a majority (more than half) of their Coles County 4-H club's meetings
- Attend one county activity.

Attendance will be calculated based on the number of regularly scheduled club meetings starting September 1 and going through June 30 of the current 4-H year. Educational or community service activities sponsored by a club that occur in addition to regular club meetings may be counted for up to

two club meetings. A 4-H member may make up a missed meeting by attending another club's meeting. The make-up meeting must occur within the month preceding, the month of, or the month following the member's absence. It is recommended members attend make-up meetings within Coles County.

Attendance requirements for new members will be determined according to their enrollment date.

Policy 2: Conference judging is the preferred method of evaluation at a 4-H exhibit opportunity. This requires 4-H members to be present to share in the evaluation of their project work. Members do not present on the established county judging date will not be eligible for State Fair in all non-livestock categories. Exception: Members involved with state, national or international 4-H programs that coincide with project show dates are eligible to be chosen champion and State Fair delegates. A written request for approved absence must be submitted with the 4-H show entry form.

Policy 3: All 4-H show entries must be completed by the deadline announced by the Coles County 4-H Program Coordinator or a designated Extension staff member. A \$30 late fee per member will be imposed for late entries. No fair entries will be accepted after 4:30 p.m. on the fifth business day from the deadline. No fair entries will be accepted the day of the 4-H show.

PREMIUMS

The Agricultural Premium Fund is authorized under the Agricultural Fair Act and administered by the Illinois Department of Agriculture Bureau of County Fairs. State statutes govern state aid to agricultural and 4-H fairs. The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected.

Policy 1: The eligibility base for calculating county 4-H premiums includes 4-H members enrolled in 4-H clubs, 4-H special interest groups and independent membership in 4-H who, on or before September 1, are eight years of age and not yet nineteen years of age, and persons with mental challenges.

Policy 2: All enrolled members who participate in an exhibit opportunity are eligible to receive premiums. The amount of premiums paid is adjusted annually based on state aid received.

Policy 3: Premium checks are mailed to members at the address listed in ZSuite. 4-H'ers have 60 days, from the date listed on the check, to cash the check. Checks will be null and void after the 60 days and will not be reissued.

CLUB ORGANIZATIONAL AND FISCAL POLICIES

Policy 1: A 4-H club must have at least five members and one volunteer leader. The group must meet a minimum of six times during the year. Clubs should have a written constitution and by-laws, which list the club, name, standing committees and regular meeting time and date.

Policy 2: Cloverbuds is a group of at least 5 members organized specifically for youth ages 5-7 years. Due to abilities and interests of this age group, it is suggested they meet two times a month for one hour each. They work on projects together at meetings in-stead of completing projects on their own. A Cloverbud group may have exhibitions at the fair. The exhibit is not judged. Premiums are not available for this age group.

Policy 3: All 4-H clubs must complete a 'Financial Activity Statement' indicating plans for financial activity during the year. Clubs that hold no assets nor plan to conduct fund-raising activities must complete a

statement as certification of no financial activity. The FAS is due in November (date announced) of the current 4-H year.

Policy 4: All 4-H clubs that collect money or raise funds to maintain their club should deposit their monies in a financial institution. A treasurer, selected from the group membership, must be signatory on the club's bank account. A minimum of two designated adults will also be signatories on the account. Two signatures are required on all checks, that of the treasurer and of one adult. It is not recommended that members from the same family be co-signers. The club account and FEIN number must be recorded in the Illinois 4-H Treasurer's Record Book.

Policy 5: Clubs must secure approval from the local Extension County Director prior to making a contribution of \$100 or more to any organization or charity.

Policy 6: Each club which maintains a treasury or holds financial assets must annually submit to the local Extension office a statement of accounting which will consist of an audited Illinois Treasurer's Record Book for the year being reviewed. **It must have been audit-ed by three persons including a parent, leader and member of the club. (The auditors shall not be signatories on the bank account, nor shall they be related to those with signatory authority.)** Receipt of the Illinois Treasurer's Record Book and confirmation of the audit shall be required for re-authorization of the club's use of the 4-H name and emblem for the following year. Clubs will not be re-enrolled until this requirement is met.

Policy 7: When a 4-H club votes to disband or cease operations under the 4-H name, the club must provide the liquidation of the club assets. Funds raised under the 4-H name and emblem are funds belonging to 4-H. Funds shall be retained in the county were raised and used for other 4-H or youth purposes at the recommendation of the local Extension staff.

CANCELLATIONS & RESIGNATIONS

Policy 1: Leaders are asked to contact the Extension office at least 30 days prior to their resignation. Resignations should be submitted in writing.

Policy 2: 4-H county scholarships paying for a portion of fees for an activity, event or program shall be reimbursed in full to the Extension office when a 4-H member cancels or can-not fully participate for the duration of the event.

4-H AWARDS & RECOGNITION

All ages listed are based on September 1 of current 4-H year.

Award application forms are available from club leaders or the Extension office. Awards are presented at the annual 4-H Awards Program. County awards are available until sponsorship is discontinued.

CODE OF CONDUCT FOR 4-H EVENTS & ACTIVITIES

The opportunity to participate in or attend 4-H activities is a privilege and not a right. All 4-H participants – youth, families, volunteers, and Extension staff – who participate in or attend any activity or event sponsored by the University of Illinois Extension 4-H Youth Development Program are expected to uphold the values of the Illinois 4-H program and conduct themselves according to the following standards. These standards also apply to online 4-H activity, including social media and internet presence.

Our priority first is to create a safe, inclusive space for learning, sharing and collaboration that is welcoming to people from diverse backgrounds, cultures, and perspectives. Diversity includes, but is not limited to: race, color, religion, political beliefs, national or ethnic origin, immigration or citizenship status, sex, gender identity and expression, transgender status, sexual orientation, age, marital or family status, educational level, learning style, pregnancy, physical appearance, body size, and individuals with disabilities.

CREATE A WELCOMING ENVIRONMENT FOR ALL

Encourage everyone to fully participate in 4-H. Recognize that all people have skills and talents that can help others and improve the community. Though we will not always agree, we must disagree respectfully. When we disagree, try to understand why.

BRING YOUR BEST SELF

Conduct yourself in a manner that reflects honesty, integrity, self-control, and self-direction. Accept the results and outcomes of 4-H contests with grace and empathy for other participants. OBEY THE LAW

Commit no illegal acts. Do not possess, offer to others, or use alcohol, illegal drugs, or tobacco products. Do not possess or use weapons or firearms except as expressly permitted as part of supervised 4-H shooting sports programming. Do not attend 4-H activities under the influence of alcohol or illegal substances.

CREATE A SAFE ENVIRONMENT

Do not carelessly or intentionally harm or intimidate anyone in any way (verbally, mentally, physically, or emotionally). Do not engage in romantic displays or sexual activities in either public or private situations. Be kind and compassionate toward others. Do not insult, harass, or bully others or engage in other hostile behaviors. Be considerate and courteous of all persons and their property.

Clothing that displays or promotes violence, obscenity, illegal activities, discrimination, or intimidation is prohibited. Do not wear revealing clothing, such as short skirts or shorts, midriff-baring tops, or anything showing undergarments.

The participant will be allowed an opportunity to answer the allegations and, if necessary, law enforcement officials will be notified. - The parent or guardian will be notified of the actions of the participant, and upon finding the allegations to be true, must immediately remove the participant from the activity at the parent's or guardian's expense.

Upon receiving a second warning, the parent or guardian will be notified of the behavior and must make arrangements for removal of the participant from the activity, at the parent's or guardian's expense.

Submitting 4-H fair entries indicates you have read the above and that you agree to the following:

"We understand and accept the responsibility for following the "Code of Conduct" for this 4-H event or activity. We further understand that failure to do so will result in disciplinary action as outlined above and forfeiture of any participant's fees."

PROTESTS

If another exhibitor or any member of the public has reason to believe that an exhibitor, project, or animal should be disqualified, he/she must contact the county 4-H program coordinator and file a protest form. The protest form must be completed at least twelve hours before the department show begins or within twelve hours after the conclusion of said show and must include his/her evidence in writing.

A Protest Committee will be formed to determine eligibility of exhibitor, project, or animal exhibited at the fair. If any questions arise that are not covered by the general rules, the Committee shall make the decision. The exhibitor must cooperate fully with the Committee in any action they might see fit to take. Failure to conform to the rules may result in disqualification.

The Committee shall consist of the 4-H Superintendent of the division, three Extension Council members, and Extension staff.

The parent or guardian must immediately remove the participant from the activity, at the parent's or guardian's expense. Participants who willfully disobey conduct as described in Category 2, letters d-i, will

Submitting 4-H fair entries indicates you have read the above and that you agree to the following:

"We understand and accept the responsibility for following the "Code of Conduct" for this 4-H event or activity. We further understand that failure to do so will result in disciplinary action as outlined above and forfeiture of any participant's fees."

4-H PREMIUMS

The Agricultural Premium Fund is authorized under the Agricultural Fair Act and administered by the Illinois Department of Agriculture Bureau of County Fairs. The 4-H portion of the Agricultural Premium Fund is administered by University of Illinois Extension. To be eligible to receive 4-H premiums (monetary award) 4-H members must be enrolled in a premium eligible project and exhibit their completed project during Coles County 4-H public exhibitions.

Premiums will be provided based on available funds.

Disclaimer: "The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in this Premium Book."

There are two classifications of projects—Premium Eligible Projects and Non Premium Eligible Projects. Premium Eligible Projects are state approved projects with a public exhibit opportunity. Coles County 4-H uses an X factor to calculate premiums. Each Premium Eligible Project is classified into one of two premium categories. Below is a table that shows the values of “Blue”, “Red”, and “White” ratings in each of the two categories.

Thus a “Blue” rating in Category II is worth three times as much as a “White” rating in that same category. A summary of what category projects are in is listed below. Every attempt has been made to place projects in appropriate categories. Any exclusions are simply an oversight.

Category I

- Non-Premium Eligible Projects—All county level projects, and Cloverbud exhibits.

Category II

- Premium Eligible Projects—Aerospace, Animal Science, Bicycles, Civic Engagement, Clothing and Textiles, Communications, Computer Science, Consumer Education, Crops & Soils, Electricity, Entomology, Food and Nutrition, Forestry, Geology, Geospatial, Health, Horticulture, Intercultural, Intergenerational, Interior Design, Leadership, Natural Resources, Photography, Plants & Soils, Robotics, Small Engines, Small Pets, Theater Arts, Tractor, Veterinary Science, Video/Filmmaking, Visual Arts, Welding, Woodworking. Premium Eligible Group Projects—Citizenship Public Adventures, Passport to the World.
- Beef, Cats, Dairy Cattle, Dogs, Goats, Horse and Pony (all classes), Poultry, Rabbits, Sheep, Swine

PREMIUM TABLE

Category	Rating		
	Blue	Red	White
Category I	0X	0X	0X
Category II	3X	2X	1X

NOTE: ONLY ONE PREMIUM IS PAID PER CLASS THROUGH THE 4-H AG PREMIUM FUND TO ELIGIBLE 4-H'ERS.

TAX IMPLICATIONS FOR PRIZES, GIFTS OR AWARDS

Program Participants (including minors) will be required to provide their Social Security number or foreign national tax ID number prior to receiving a prize, gift or award to ensure proper IRS reporting as required by law. This sensitive information is kept confidential and handled through security protected software (PEAR). Participants will not be eligible for prize, gift or award if social security or foreign national tax ID information is not provided.

CHECKS

In years when premium checks are issued, 4-H'ers have 60 days, from the date listed on the check, to cash the check. Premium checks will be null and void after the 60 days and will not be reissued.

Superintendent – Scott & Carrie Gossett

Note: See “General Livestock Rules” for rules that apply to all species.

OWNERSHIP/LEASE

Horse and ponies must be owned or leased by the 4-H member and must be part of the member’s project. Current proof of ownership must be on file by June 1 of the exhibit year at the county Extension office. 4-H’ers should include papers for all animals that the member may plan to exhibit at the State Junior Horse Show and the 4-H County Show. This is mandatory for all horses and ponies, grade and registered animals.

All papers are kept on file until the 4-H member removes them. Exhibitor does NOT need to re-submit proof of ownership papers every year. The exhibitor should keep all ownership papers on file current. For example, if a horse/pony has not been shown previously, its papers must be added to the exhibitor’s file.

Proof of ownership requirements are:

- Non-registered horses: ownership forms are available at the office.
 - Leased horses: lease agreement forms available at the office. If the leased horse is the same as previous year, a new form must be submitted.
 - Two photos of the horse/pony – one photo of each side. If horse/pony has previously been shown at IL Jr. Horse show, original photos were sent with entries and new photos must be submitted to exhibitor’s ownership file.
 - Registered horses: copy of registration papers
- 1.) Horses and ponies must be on the grounds by the scheduled time. Show will begin promptly at designated time.
 - 2.) Exhibitors must present a negative Coggins test certificate for each animal. You can bring it the day of the show OR prior to the horse show, you can put a copy in your file at the office.
 - 3.) Completed Quality Assurance and Ethics training. See County Livestock Rules and Regulations Section.
 - 4.) A horse being exhibited in the Horse and Pony project area must be trained and cared for by the exhibitor. The horse may be either owned or leased by the exhibitor or their immediate family. Proof of ownership/leasing, along with pictures (front and back of both sides), are to be submitted to the Extension Office no later than **May 1**.
 - 5.) Entries in the “Age of Exhibitor” classes (13 and under), (14 and over) are to be made using the exhibitor’s age as of September 1 of the current 4-H year.

- 6.) An exhibitor (inexperienced rider) entering the "Walk and Trot" class may not enter the following classes: western pleasure, ranch pleasure, equitation, and horsemanship.
- 7.) Ponies in the 56" and under classes are subject to measurement. No ponies 56" and under will be allowed in the over 56" classes. Miniature horses must measure no greater than 34" for the miniatures classes.
- 8.) Superintendents reserve the right to bar any animal from showing in the ring if the animal cannot be managed safely. However, it will be viewed by the judge and graded.
- 9.) Exhibitors with unsportsmanlike conduct will be excused from the class.
- 10.) An animal may be shown by more than one exhibitor from the same family but not in the same class. (i.e. two sisters may show the same horse, one showing in the pole bending class and the other in the flag race. They may not both show the same horse in the Pole Bending class.)
- 11.) For safety reasons, the exhibitor will be required to wear boots, preferably with some kind of heel, while exhibiting. It is suggested that the exhibitor wear a long-sleeved shirt.
- 12.) Equine Headgear: All 4-H members are required to wear a properly fitted ASTM or SEI standard F1163 (or above) certified equestrian helmet whenever mounted or driving at all 4-H horse and pony events, shows, activities, or practices.
- 13.) Exhibitor must wear proper attire for English Class which requires helmet.
- 14.) Gaming classes must be run in Western attire and tack. A stock type saddle must be used, and it must fit the horse and the rider. Open toed stirrups are required, and tapaderos will not be allowed. Any half-breed, snaffle, curb, or spade bit may be used with split reins or romal. Curb chains must be at least ½" wide and be flat against the jaws of the horse. All curb chains must meet with the judge's approval. No wire, bosals, martingales and draw or side reins will be allowed. Rope and slicker are optional, and hobbles are recommended with the use of a romal. Silver equipment may be used but shall not be given preference over good working equipment.
- 15.) High Point Rider is based on one horse, one rider.
- 16.) Halter classes will be shown in halter or as breed requires. Showmanship at halter can be Western or English

- All parts and software used in the design/build **MUST** be listed in a detailed Bill of Materials including cost per item and total cost. Total time spent on the build must be documented in your build log.

In addition, exhibitors are HIGHLY encouraged to use tools such as 3-D printers, laser cutters, routers and/or other hand/power tools to help in the manufacturing process.

(NOTE: Simply 3-D printing or laser cutting an object without the other specifications does not qualify as a Maker Project). It is also HIGHLY encouraged that exhibits use Open-Source Software and/or Hardware in the build.

WHAT IS THE MAKER MOVEMENT?

The Maker Movement is a technology based social movement focused on individuals creating new and useful devices in a DIY manner. The Maker Movement utilizes the power of collaboration on a global scale to create and share ideas, software and hardware that is continuously improved on by anyone willing to contribute. The software and hardware that arise from these global communities is commonly known as open-source technologies. The Maker Class empowers those with the creativity and desire to create useful devices or gadgets that have implications beyond this project and can be useful in the real world.

WHO CAN EXHIBIT IN THIS CLASS?

Any youth that is enrolled in ANY 4-H project area can exhibit in the maker class.

DOES THE YOUTH HAVE TO BUILD A DEVICE, OR CAN THEY JUST DESIGN IT?

All exhibits MUST be manufactured/built by the exhibitor (If not fully manufactured by the exhibitor, the device MUST be modified structurally or be reprogramed to perform a different function other than what it was designed to do.

WHAT IS OPEN SOURCE, AND DOES THE PROJECT HAVE TO INCLUDE OPEN-SOURCE TECHNOLOGIES?

Open-Source technologies are software or hardware that is created and shared openly by an individual maker or group. With open-source software, the source code of the program or app is freely available to download, use and modify to your needs. This is in contrast to a closed source program or app that cost money and can only be used but not modified. Open-source hardware may have a fee associated with it, but the plans and specs are available for makers to modify the hardware to their needs. Projects do not necessarily need to use open-source technologies, however, must be accompanied by detailed build logs and a bill of materials which will make them a part of the open-source universe.

WHAT QUALIFIES AS A MAKER PROJECT?

Exhibits must be an object or device that has an intended purpose and uses technology in either a mechanical way, digital (computer) way, or combination of the two. The device must be something that can be used in everyday life by multiple people (a target audience) and MUST be manufactured/built by the exhibitor (If not fully manufactured by the exhibitor, the device MUST be modified structurally or be reprogramed to perform a different function other than what it was designed to do. Exhibit MUST be able to interact with the outside world. (e.g. an on off switch, input sensors, feedback, etc.) and MUST include a detailed build log and bill of materials. A 3D printed or

laser cut object alone does not qualify for this class. Projects will be judged on originality, real world applications and market viability, ability to explain design process and concepts, as well as the appearance and build log/bill of materials.

EXAMPLES INCLUDE:

- A weather station that updates a farmer on current weather conditions
- A Raspberry Pi based device that keeps track of animals on a farm
- A device that recognizes friends that come over for sleep overs
- A new design for a mechanical blender
- A light up shirt for nighttime bike riders

Copyrighted or trademarked designs are not acceptable; this includes team, school logos and/or characters from movies such as Mickey Mouse, Iron Man, etc. Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern and/or size of a pattern does NOT make the design original. This also applies for ideas found on a site such as Pinterest. If you see something on Pinterest that you like, use the concept and create something different using the concept; however, it **MUST NOT BE AN EXACT REPLICA OF** something the judge can search for and find on Pinterest. The exhibit may combine parts of different patterns and/or ideas with the concepts of the member, however changing the color or changing the size of the item or pattern used does NOT make it original. If you create an exact replica of what you see somewhere else, it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit. Be prepared to explain how and where you got the idea for this project.

Quilts entered in Visual Arts should **ONLY** be entered in the Quilting Project area in either Level 1 You Can Quilt (SF 50331A) OR Level 2 Quilting the Best Better (SF 50331B).
