2023 Southern Illinois
Fruit and Vegetable School

Serving commercial growers throughout southern Illinois and Missouri

February 8 | 7:45 AM

Get practical research-based information to make your specialty crop flourish and profit. This year, the program will feature four separate tracks to address vegetable, tree fruit, small fruit, and cut flower production. Current trends in insect and disease management, as well as a variety of other production related topics will be discussed. Vendors are onsite to discuss your production needs.

One spray guide is included with registration!
