

# ShoWorks Online Entry Tutorial

From any internet browser, enter <https://isflivestock.fairwire.com/> to access ShoWorks. The Welcome screen will appear. Use the workflow indicator (numbers across the top) to keep track of your progress or for navigation help. Please note at any time, you can use the back arrow on your browser to return to the previous screen.

**(1) Register** – Begin your registration process here, if this is the first time you have logged in for the current fair season. It is highly encouraged that exhibitors utilize the ShoWorks Passport options (center of the bottom blue box) to register accounts. Once registered, you can enter using the sign in box in the top right corner and select Exhibitor from the dropdown menu.

Select *'I am a new exhibitor or have yet to register this year'* if this is the first time you have used ShoWorks for the current Illinois State Fair.

Select *'I have previously registered this year'* if you need to make additional entries or upload documents.

If you are a family that has multiple exhibitors, you can select QUICK GROUP in the top blue box and add each exhibitor under a family name. Once you have created the QUICK GROUP, you will have the option to make entries for all of your registered exhibitors in one transaction.

If you are registering your entries under a farm name or company name, turn off the button that is labeled I AM NOT A TEAM or COMPANY. This button can be found below the first blue box, but above the login prompts.

Follow the prompts on the screen that collect exhibitor information. Any item that contains an asterisk is a required field. If you are signing back in to ShoWorks, you will be asked to verify that your information is correct. Please note ShoWorks does not keep password records, nor does the Illinois State Fair, so exhibitors should record that information when they enter it.

**(2) Entries** – Select Department and Division from the dropdown menu provided. In some Divisions you will also select the Class you wish to enter. Follow the prompts with asterisks to provide the required information. Those fields without an asterisk are not required but will provide useful information for Illinois State Fair check-in staff. When you have made the selection and entered the needed information, click Add Entry to Cart. To add additional entries to your cart, begin the process again by selecting the Department and Division. Please note some Divisions or Classes have a maximum entry limit. Please refer to the Premium Book for those limits. The system will not allow the exhibitor to enter more than the established entry limits. Exhibitors are encouraged to save their cart frequently when making multiple entries.

The screenshot shows a registration process with five steps: 1. Register (checked), 2. Entries (current step), 3. Review, 4. Pay, and 5. Conf. The 'Department' dropdown is set to '08 - Open Sheep'. The 'Division' dropdown is open, showing a list of options: '-- Choose a Division --', '1080 Border Leicester - Breeding Sheep', '1081 Cheviot - Breeding Sheep', '1082 Corriedale - Breeding Sheep', '1083 Columbia - Breeding Sheep', '1084 Cotswold - Breeding Sheep', '1085 Dorset - Breeding Sheep', and '1086 Hampshire - Breeding Sheep'.

**(3) Review** – Next you will be asked to review the entries in your cart. There are options to edit the entries if information is incorrect. You can also delete entries or go back from this screen to add additional entries. If all the information is correct you can proceed to the next step. Those utilizing the Quick Groups option for a family of exhibitors will see all entries listed by each individual exhibitor for their group at the time of review. Users should ensure that entries for each individual exhibitor are correct before proceeding.
