

4-H Premium & X-Factor Explanation

Illinois Extension, Serving Grundy, Kankakee, & Will Counties

4-H premiums will be awarded *if available*, by the X system. Under this system, “X” will be worth a specific currency amount based upon the amount of money appropriated for 4-H premiums for the year, the number of entries, and the distribution of blue, red, and white awards. The X value will then be multiplied by the factor indicated for a given show. This document includes transparent x-values for all 4-H exhibitions in Grundy, Kankakee, & Will County.

“The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in this Premium Book.”
