

Mercer County YMCA Sensory Garden

401 SW 2nd St
Aledo, IL
61231

A Feast for the Senses

Immerse yourself in the vibrant world of our Sensory Garden, where plants are carefully selected to engage and delight all five senses. This unique garden features basil and cherry tomatoes, to both smell and taste their fresh, vibrant flavors. Experience the sweet aroma and taste of chocolate mint, and breathe in the refreshing scent of lemon balm.

Touch the soft, velvety leaves of lamb's ear and explore the intriguing texture and size of rhubarb leaves. Delight your eyes with the vibrant colors of zinnias, which add a visual feast to the garden's sensory experience. Each plant in this garden has been thoughtfully chosen to provide a rich, multi-sensory encounter with nature.

Lovingly maintained by the Mercer County Master Gardeners, this garden offers a special connection to the natural world. Whether you're seeking a peaceful retreat or a place to explore with curiosity, the Sensory Garden invites you to engage with nature in a whole new way.

Illinois Extension
UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN

College of Agricultural, Consumer and Environmental Sciences

University of Illinois, U.S. Department of Agriculture, and local Extension councils cooperating.
University of Illinois Extension provides equal opportunities in programs and employment.
