## V. MY 4-H STORY

Your 4-H story is an important part of your awards application. It offers you an opportunity to highlight what **you feel** to be your most important accomplishments related to a specific award area, during this 4-H year, as well as past years. To help you get started, think of how you would answer the following questions. *What did you learn from your 4-H project? How has 4-H impacted your family? Were you always successful? If not, how did your 4-H experience help you handle the setbacks? How has 4-H influenced your involvement in your school, your community, and your future?* You may include special interests, unusual situations you came across, hardships you overcame, and some things you tried successfully or unsuccessfully. Include how 4-H helped you learn things about this subject you did not know before.

**OTHER PROJECTS AND ACTIVITIES:**

Explain the types of extra activities you have been involved in at your school, your church, or in your community. Include committees served on, office or chairmanships held, special training, exhibits, awards, and community service activities.
