## Show Day Procedure & Project Exhibit Requirements

1. Specific rules for each project are listed in this Show Book. In most cases, the exhibit listed is one of several activities taken from your project manual. Be certain to follow the rules listed in this book EXACTLY, even if they differ from your project manual. 4-H Show exhibits which do not meet these guidebook rules will not be eligible to receive a Blue rating.
2. Only one entry per project is allowed, (except in public speaking, foods, photography and visual arts). Many times you will be given a choice between 2 or 3 exhibits you *could* prepare. Remember to select just one choice unless the project rules specifically say you can prepare more than one. In the visual arts project, you may enter a separate exhibit in any or all of the visual arts classes, but you may only bring one exhibit per class. For example, you may enter chalk drawing in the “chalk, pigment and carbon” division, and enter a quilt in the “quilting” division.
3. Table displays are limited in size for some projects. Specifics are in the Project listing that begins on page 10.
4. **INNOVATION CLASSES** are open to all 4-H members in the project areas listed. Members choosing to exhibit in the Innovation class may be enrolled in any level of the Project they are studying. Members choosing to exhibit in the Innovation class decide the best way to show off their project mastery and knowledge for the year in that project category. Some suggestions are provided for each category, but members may choose any method they want for demonstrating project learning as long as it does not fit in any other class in that category. Only selected projects categories have an Innovation option.
5. **READY4LIFE CLASSES (Career & Entrepreneurship Exploration)** are open to any 4-H member who was at least 11 by September 1, 2023. Members choosing to exhibit in the Ready 4 Life class may be enrolled in any level of the Project they are studying. Exhibits should show the connection between the project area and related career or business opportunities. Members may choose any method they want for demonstrating project learning. Counties are eligible to send one Ready 4 Life exhibit for each project category in addition to the total allowed for that division.
6. Members should be present for judging. If a member has a valid excuse, another 4-H member can show a project for the member at the county show and will still be eligible for premium money on that project. If a member cannot be present, they **must** attach a completed **Absent Exhibitor Report** and the **county office must be notified in advance**.
7. Exhibits **must remain** on display throughout the length of the Show. ~~No project may be removed before the Fundraising Dinner (if held).~~ (Previous statement not applicable for 2024 show.) Items may be picked up after 1 p.m. on Monday, June 10. Members are responsible for picking up projects. *The county Extension office will not be responsible for projects after 1 p.m. on Monday, June 10.*
8. Parents are asked not to actively participate when members are showing their projects, including livestock in the show ring.
9. All 4-H members are encouraged to help with fair clean up on June 3, 2024 at 9:00 a.m.

## Awards and Premiums

1. Projects will be scored against a score sheet which is available to anyone upon request from the county office. Based on that score, each exhibit will receive either a blue, red or white ribbon. Projects earning a blue ribbon “met the standards” in most categories of the score sheet. Projects “needing some improvement” will receive a red ribbon. Projects “needing much improvement” will receive a white ribbon.
2. A BEST OF SHOW RIBBON is awarded to the TOP "Blue Ribbon" rated exhibit in each project area listed in the guidebook (except livestock projects which receive trophies instead). If there are no "Blue's" in the

class, no Best of Show will be awarded. Best of Show and Championship ribbons will be given only in each category that merits one at the judge's discretion.

3. Members who meet State Fair requirements and are at least 8 years old (as of Sept. 1, 2023) may be nominated to represent Hamilton County at the Illinois State Fair. A state fair sticker will be put on the exhibit tags of those earning that honor. Only "Blue" ratings will represent the county at State Fair.
4. Members will receive cash premiums, *if funds are available*, for projects in which the 4-H'er was enrolled and which were exhibited at the 4-H Show.
5. Premiums will be based on an "X" factor, which will depend on the number of 4-H members, number of exhibited projects, and state reimbursements. You can look at page 62 for more detailed information.
6. Premiums are paid for each project each exhibitor showed, *if funds are available*.
7. ***"The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in this Premium Book."***

### **Tax Implications for Prizes, Gifts or Awards**

Program Participants (including minors) will be required to provide their social security number or foreign national tax ID number prior to receiving a prize, gift or award to ensure proper IRS reporting as required by law. This sensitive information is kept confidential and handled through security protected software (PEAR). Participants will not be eligible for prize, gift or award if social security or foreign national tax ID information is not provided.

## ***Illinois State Fair Requirements***

1. Members must have been 8 years of age by Sept. 1, 2023 to exhibit at the Illinois State Fair in 2024.
2. Members may enter only one individual project **and** one group exhibit. If a member was selected in more than one area in either group, they must choose one and notify the county office by **July 15, 2024**.
3. Members are responsible for transporting their project to the state fair and must be present to attend conference judging with their project on the specified days at the Illinois State Fair.
4. The same product or speech, which is selected at the county level, must be the one exhibited at the State Fair, with the exception of Food & Nutrition (must be the same recipe), Crops, Floriculture and Vegetable Gardening exhibits.
5. Schedule for the 2024 state fair is:  

<b>Sunday, August 11</b>	<b>All Hamilton County General Projects Exhibits</b>
--------------------------	--
6. All exhibitors should drop off their exhibit in the designated area from 8 to 9:30 AM. All projects will be on display the full day and will be released at 4 PM (or after final judging for that area is completed, whichever is later) and must be removed no later than 4:30 PM.
7. Premium for each state fair exhibit is unknown at this time and depends on state funding.

Vegetable basket, etc.), and all donations. From the remaining funds, all sellers will be brought up to ceiling price per animal sold, as needed. Then, sellers could receive up to 25% of ceiling price for Grand Champion and up to 10% of ceiling price for Reserve Champion to any species, if funds are available and at the discretion of the Hamilton County 4-H Foundation. All remaining funds will be divided to sellers per animal sold. Any additional funds will be put in the Hamilton County 4-H Foundation to be used to support the 4-H program.
15. 4-H members selling in the auction will be provided an "Intent to Sell" form after the Livestock Show but before the auction. 16. A group of five (5) screened volunteers has the authority to deny any 4-H member(s) from showing an animal that is exhibiting aggressive or dangerous behavior. The five-member committee has the right to ask a participant to remove the animal from the 4-H Show Barn and Fairgrounds.
17. A showmanship award is presented for each species (dairy, swine, sheep, beef, goats) to the 4-H member who does the best job of showing his/her animal in the ring. All members exhibiting livestock at the show are automatically entered in the showmanship contest. Both junior (8-13) and senior (14-19) awards are given. Age is determined by 4-H age—age on Sept. 1, 2023.
18. 4-H'ers interested in exhibiting an animal at the **State Fair** must notify the office of their intent prior to March 1. A final confirmation of intent to show must be made again to the county office prior to the July 1, 2024 entry deadline for State Fair. Any exhibitor to the Illinois State Fair in the areas of beef, sheep, swine, dairy or horses must pass the Quality Assurance & Ethics test given via the Internet. The site is open from March 1 – June 1. Once they pass the test, they do not need to retake the test.
19. Starting in 2013, **all 4-H Youth enrolled** in a livestock project area are required to complete this online course one time in order to stay enrolled in a livestock project area. **(If you do not complete by the June 1 deadline you will automatically be removed from the project and will be unable to show and/or sell your livestock project, NO EXCEPTIONS!)** The Quality Assurance and Ethics Certification has been developed to review what is expected of youth when preparing for and exhibiting animals in competition. Once you complete this program, you will earn your certificate of completion for the Quality Assurance and Ethics Certification requirement and will be eligible to show your livestock and stay in your 4-H project area. This includes all Illinois 4-H Youth enrolled in the 4-H project areas of horses, poultry, rabbits and companion

animals (small pets, dogs, cats). All county 4-H junior show exhibitors will also be required to get certified. QAEC certification can be accessed through the Clover Academy in ZSuite.

20. Starting in 2019, Youth for the Quality Care of Animals (YQCA) is a required **annual** training for 4-H youth exhibiting beef, sheep, goats, swine and dairy projects. This requirement does not apply to poster projects, horses, rabbits, poultry, dogs, cats, or small pets (although those members must still complete the online QAEC training – only once. See #19). There are two ways to certify, online or in an instructor-led training. Youth who choose to certify online may complete the course anytime at their convenience. The fee is \$12. Youth who choose to attend an in-person instructor-led training will need to register online through the YQCA website. The fee is \$3. Youth **MUST** pre-register and pay online – NO walk-in registrations or money can be taken the day of the training. **(If you do not complete by the June 1 deadline, you will automatically be removed from the project and will be unable to show and/or sell your livestock project, NO EXCEPTIONS!)** <https://yqcaprogram.org/>
21. 4-H members in the other 5 counties in Extension Unit 24 (Gallatin, Pope-Hardin, White, Saline) who do not have an in-person livestock exhibition opportunity may be allowed to participate in the Hamilton County 4-H Livestock Show and Auction. ## **HORSE**

**For youth enrolled in Horse**

**Jr/Sr\* Showmanship:** Judging is based on how the animal is exhibited to the judge. Conformation is not a factor. Exhibitors typically perform a simple pattern with the horse before setting up for inspection. Horses are to be well groomed, obedient, and prepared. The exhibitor that most correctly performs the pattern and inspection maneuvers is the winner. Western horses are shown in a halter, Hunter and Gaited horses are usually shown in a bridle.

**Jr/Sr\* Horsemanship/Equitation:** Each horse and rider are asked to perform a pattern drawn up by the judge. Riders may be asked to show Western and Hunter horses and ponies on the rail at the walk, trot and canter, gaited horses will show at the walk, favorite gait, and canter (walk-trot/walk-favorite gait classes will NOT canter). Horsemanship/Equitation competition provides the 4-H exhibitor an opportunity to display his or her ability as a rider (that is, the seat, hand, and leg position; and the ability to control and show the mount). Western Horsemanship is to be evaluated as the combined performance of the animal and the rider.

**Jr/Sr\* Ranch Pleasure, Country Pleasure & Hunter Under Saddle:** These classes are judged on the obedience and quality of movement of the horse or pony. Ranch Pleasure horses and ponies are expected to perform on a relatively loose rein. Country Pleasure and Hunter Under Saddle horses and ponies perform with some contact with the bit. Ranch Pleasure and Hunter horses and ponies will perform a walk, trot and canter, Country Pleasure horses and ponies will walk, favorite gait, and canter (walk- trot/walk-favorite gait classes will NOT canter.) both directions of the ring. Horses and ponies will be asked to back. The horse or pony with the smoothest performance will be the class winner.

**Jr/Sr\* Trail:** This class is judged on the performance of the horse over obstacles with emphasis on manners and responsiveness to the rider's cues. All three gaits may or may not be used. Obstacles may include small logs, a gate, low bridge, and mailbox. Riders may need to back the horse through cones, side pass over logs, transport a raincoat or bucket a short distance, open and close a mailbox, and walk, trot or canter over small logs according to the pattern.

**Egg & Spoon:** Each rider is given a spoon and must balance a raw egg on it while riding the horse. No part of the exhibitor's hand (fingers, thumb etc.) may touch the egg. Exhibitors may be asked to walk trot, lope, take the feet out of the stirrups, place the spoon handle in their mouth etc. The rider who keeps the egg balanced in the spoon the longest is the winner.

**Water Glass** Riders hold a full glass of water while horses perform maneuvers as announced. Walking, trotting, cantering and maneuvers such as backing, circling, figure 8, changing glass from one hand to the other may be called. One hand only is to be used in holding the glass, out and away from the body of horse and rider. The hand may not cover the top of the glass. The entry with the most water left in his glass wins the class.

**Jr/Sr\* Barrel Race:** A timed event where the rider crosses the starting line, rides the horse or pony around the three barrels set up in the arena in a clover leaf pattern, and crosses the finish line. Riders may take either the right or left barrel first. Knocking down a barrel adds a 5 second time penalty. Going off pattern results in disqualification. The winner of the class has the fastest time after any penalty points are added.

**Catalogue Race:** The horse or pony and rider cross the starting line and run to the other end of the arena where there is a barrel with a catalog on top. The rider dismounts from the horse and finds the specific catalog page the judge has requested tears it out closes the book, remounts the horse and runs back across the finish line. The fastest time wins, but the rider must remember to close the book or be disqualified. More than one horse and rider may be in the arena at a time.

**Jr/Sr\* Flag Race** The Flag Race is a timed event that tests the ability of the riders to safely maneuver their mounts at speed around a prescribed course, as well as the coordination of the riders on a set course (The horse is to be ridden at speed around the outside of the first barrel (which side is rider's choice), pick up a flag out of the bucket on the barrel, ride around the second barrel, to the outside of the third barrel, put the flag in the bucket on the third barrel, and race back to the finish line. Failure to stick the flag in the top of a container or dropping the flag after rounding the second barrel: 10- second penalty. The fastest time wins.

**Plug Race** Pattern will be set to fit arena, with one barrel used to run at. Barrel may not be closer than 15' from any fence. Rider may run left or right. Horse/pony must go around barrel. Rider may touch barrel in an attempt to prevent it from falling over. Barrel must stay in same place for entire class, or entire class must be rerun, including original no times. There is a five (5) second penalty for knocking down the barrel. Contestant is disqualified for breaking pattern or fall of rider and horse/pony during the timing.

Exhibiting youth must complete and display a build log which contains a diagram (drawing or 3D rendering) of their robot with each of the key components labeled, an explanation of why they made the design/programming decisions they made, and a short journal sharing what they learned about the engineering design process and programming throughout their work in the project (as well as while preparing the exhibit). In addition, each youth must bring their program code (on laptop or on paper), and their robot to demonstrate. The robot and obstacles must be able to fit on a 4' x 8' robotics table when being judged, and a 2' x 2' area when being displayed.

### **Robotics 2 (SF 50286)**

Exhibitors will design, build and program a robot that uses sensors and programming to complete one of the selected challenges from the 2024 4-H State Robotics Challenge. **The robot must be autonomous and cannot be controlled remotely.** Eligible challenges will be marked in the Challenge Documents and on the Illinois 4-H Robotics website (<https://4h.extension.illinois.edu/ways-participate/projects/robotics>). Exhibit an original robot, either homemade or a kit that does not fall under Robotics 1 or 2 that can complete a task using MULTIPLE sensors. **The robot must be autonomous and cannot be controlled remotely.** If a robot kit is used, then some parts of the robot must be built using other components such as wood, plastic or metal. The robot can include any type of motors, pneumatics or sensors. The Innovation class can also be used for LEGO Mindstorms/ Spike Prime, etc. or Vex kits where the exhibit does not fall under Robotics 1 or 2 exhibit option. Autonomous control of the robot may also be achieved using an "open source" platform such as Arduino or Raspberry Pi and can be programmed using a coding language that is publicly available. Exhibitors in Robotics Innovation/Open-Source class must complete and display a build log which contains a diagram (drawing or 3D rendering) of their robot with each of the key components labeled, an explanation of why they made the design/programming decisions they made, and a short journal sharing what they learned about the engineering design process and programming throughout their work in the project (as well as while preparing the exhibit). Exhibitors must be enrolled in the Visual Arts project category in which they are exhibiting. Exhibitors are encouraged to date the project when it is made. Exhibitors must be able to carry or cart their exhibits across the fairgrounds from the parking lots. All visual arts exhibits are evaluated using a visual arts rubric which takes into account correct use of design elements; craftsmanship; and creativity.

Articles exhibited must be an original design created by the exhibitor (except in Heritage Arts, which may follow a pattern, AND Fiber-Non-Original Ages 8-10 ONLY). Copyrighted or trademarked designs are not acceptable; this includes team, school logos and/or characters from movies such as Mickey Mouse, Iron Man, etc. Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern and/or size of a pattern does NOT make the design original. This also applies for ideas found on a site such as Pinterest. If you see something on Pinterest that you like, you can use that idea as your inspiration, however, create something which is fundamentally different. It **MUST NOT BE AN EXACT REPLICA OF** something the judge can search for and find on Pinterest. The exhibit may combine parts of different patterns and/or ideas with the concepts of the member, however changing the color or changing the size of the item or pattern used does NOT make it original. If you create an exact replica of what you see somewhere else, it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit. Be prepared to explain how and where you got the idea for this project.

Copyrighted or trademarked designs are not acceptable; this includes team logos, school logos, and/or characters from movies such as Mickey Mouse, Iron Man, etc. Kits and packaged plastic block sets are not considered original and not acceptable in any Visual Arts Class.

**Use of the 4-H Clover:** Chartered 4-H clubs and enrolled 4-H members are authorized to use the 4-H Name and Emblem. This includes permission for an enrolled 4-H member to use the 4-H name and emblem in exhibits created for personal use and as part of 4-H sponsored events. This includes 4-H decorated cookies, a 4-H clover printed for use in a scrapbook or included as part of any other 4-H exhibit. Use of the green clover shaped image is not protected. The 4-H "emblem" is distinguished by the four H's that signify Head, Heart, Hands and Health. **No creative rendering, changes in color or shape of the official 4-H emblem is allowed.**

NOTE – Any use of the 4-H name and emblem on items intended as **gifts or for sale locally** requires prior permission from your local Extension office. Your Extension office will be able to provide you with the form which must be signed by the Extension County Director. Any uses of the 4-H name and emblem for sale or promotion **online, and/or in statewide events** should be signed by the Illinois 4-H Program Leader ([Illinois4H@illinois.edu](mailto:Illinois4H@illinois.edu)).

Quilts entered in Visual Arts should **ONLY** be entered in the Quilting Project area in either Level 1 *You Can Quilt* (SF 50331A) OR Level 2 *Quilting the Best Better* (SF 50331B). All work on the quilt **MUST** be completed by the 4-H member. You cannot exhibit a quilt that was quilted by someone else.

## PREMIUM GUIDE

Projects are valued on a point system based on grades of A, B & C. The base for general projects, public presentations, small pets, rabbits, poultry, tractor and horse/pony is predicted at A=5, B=4, C=3. The base for livestock is predicted at A=10, B=8, C=6. The dollar amount is then calculated using an X factor which depends on the total premium dollars allowed by the State of Illinois.

## **2024 Exhibition Livestock Health Requirements County Fairs**

### **GENERAL REQUIREMENTS**

**These Exhibition Health Requirements apply to all livestock present at the fair including those animals that are not entered in competitive events.**

1. Exhibitors are required to familiarize themselves with all rules applicable to their exhibits.

All out-of-state animals shall require an entry permit. Entry permit numbers are available online at <https://entrypermit.agr.illinois.gov/Login.aspx>.

2. All animals, except as noted, shall be accompanied by a Certificate of Veterinary Inspection (CVI) which shows that the animal meets all health requirements for the State of Illinois. CVI's shall be made available to Bureau of Animal Health Personnel on request. If an official electronic CVI is utilized, the exhibitor should be able to log on and show Bureau of Animal Health Personnel the completed CVI. CVI means a legible record made on an official form from the state of origin which has been issued, signed and dated by an accredited veterinarian and which shows the name and address of the animal's owner or exhibitor and the results of all required tests or vaccinations. A CVI shall list only one animal identification per line; shall be presented on the form on which it was initially issued; and shall not be corrected, changed or altered in any manner.
3. All animals shall be officially identified. The animal(s) official identification shall be recorded on the CVI.  
Animal identification number (AIN): A numbering system for the official identification of individual animals in the United States that provides a nationally unique identification number for each animal. The AIN consists of 15 digits, with the first 3 being the country code (840 for the United States or a unique country code for any U.S. territory that has such a code and elects to use it in place of the 840 code).
4. If animals are from tuberculosis accredited, brucellosis certified, pseudorabies qualified, or brucellosis validated herds, the identifying herd number(s) along with the date of the last herd test(s) shall appear on the CVI.
5. CVIs for out-of-state livestock shall be void thirty (30) days after issuance.

6. CVIs for Illinois-origin livestock shall be void ninety (90) days after issuance.
7. All livestock shall be subject to examination upon entry to any Illinois fair or exhibition. Any animal showing evidence of infectious, contagious or communicable diseases shall be immediately withdrawn and held in quarantine at the owner's risk and expense until properly treated and recovered, or until the animal is released to return to the owner's premise.

Any livestock infected with scabies, mange, active lesions of ringworm, sore mouth, or multiple warts which are easily visible without close examination shall not be permitted to exhibit and are subject to quarantine or removal from the fairgrounds.

Sheep and goats with caseous lymphadenitis as evidenced by draining abscesses shall not be exhibited and are subject to immediate quarantine or removal from the fairgrounds.

In the event of the suspicion of or diagnosis of a foreign animal disease, emerging animal disease, or other actionable disease, animals may be subject to quarantine on the fairgrounds until such time that it is determined that the disease is no longer a threat.

8. Illinois Department of Agriculture personnel or designee may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced at any Illinois fair to test for the presence of illegal drugs or banned substances. Examination techniques, such as ultrasound, may also be used at any time while the animals are on the grounds of any Illinois fair or exhibit.

The Illinois Department of Agriculture or designee may collect urine, blood, tissue or other test samples from exhibition animals at the time of slaughter.

9. All exhibitors of animals at any Illinois fair or exhibition shall comply with the provisions of the Illinois Humane Care for Animals Act. If violations are observed, the animal(s) will be excused from exhibition and ordered removed from the grounds with all awards being forfeited.

Any practice or deviation from normal, accepted care, including physical, medical or mechanical application, shall constitute a violation of show rules and may result in the animal(s) disqualification and removal from the fairgrounds.

10. Any Illinois cattle, bison, cervidae or goats being exhibited in non-accredited free states must be isolated from the remainder of the herd/flock upon return to Illinois and retested for tuberculosis 60-120 days post-entry.

## Identification
