

Extension Educator, Agriculture and Agribusiness Commercial Agriculture

WE TRANSFORM LIVES

Everything we do is designed to improve the quality of life of the people in the state of Illinois, across the nation, and around the world. We discover, develop, translate, and disseminate knowledge to address societal concerns and train the next generation of experts and leaders in a way that empowers them to expand the boundaries of science to higher levels of understanding and influence.

Be a part of our story. Through learning partnerships that extend knowledge and change lives, University of Illinois Extension provides educational programs aimed at making life better, healthier, safer, and more profitable for individuals and their communities. Illinois Extension has operated continuously for more than 100 years connecting the citizens of Illinois to their land-grant university by providing educational programming around the state. University of Illinois Extension is based in the College of ACES and works with all colleges and units of the University of Illinois at Urbana-Champaign.

The Extension Educator serves as a regular, full time, 12 month academic professional with primary responsibility for the development, delivery, and evaluation of educational programs supporting the mission of the University of Illinois Extension. Extension Educators support one of the four core Extension program areas and within that program area may focus on one or more of the following interdisciplinary initiatives: Community, Environment, Economy, Food, and Health. Programmatic objectives of Extension Educators will be consistent with national and statewide initiatives considered of significant importance to residents of the state of Illinois.

This position will have responsibilities for developing, designing, and teaching educational programming in the area of crop sciences, agronomy, commercial production and management of field crops. Working with unit-based Extension staff and local stakeholders, outreach will be done with producers, the agribusiness community and students of the local community colleges, as needed. There is potential to do applied research with both campus-based faculty and local partners. For the purposes of program delivery, the geographic area based within the three county Unit with involvement in appropriate statewide programs and events. Unit 1 has a very strong agriculture program and four Unit staff serving the local production agriculture audience.

This position will have the opportunity to collaborate with campus based specialists and faculty and other related educators within Extension. Locally there will be an expectation that research projects with high local relevance to stakeholders will be developed. As necessary, Commercial Agriculture educators will be expected to cooperate with campus faculty in the conducting of pest surveys and the dissemination of these findings to clientele. It is expected that the individual in this position will provide expert assistance and related resources to the local producers and stakeholders, in cooperation with other local Extension staff.

One full-time position is available.

Location: Unit 1 – Jo Daviess, Stephenson, and Winnebago Counties
(Position will be housed in Stephenson County – Freeport, IL)
Additional positions may become available in other locations

More Information

Immigration sponsorship is not available for this position. This position is a full-time, benefits eligible, non-tenure academic professional position appointed on a 12-month service basis. Generous vacation and sick leave. State Universities Retirement System. Group health, dental, vision and life insurance.

This is a security-sensitive position. Comprehensive background checks, including but not limited to a criminal conviction information check, and a review of the Registered Sex Offender list, will be conducted.

- Provide program leadership, interpret and integrate information, teach in the field of designated expertise, maintain the competencies to develop and deliver educational programming, and assist clients with the appropriate resource bases.
- Assess the needs of local clientele in a systematic and analytical manner. This will include networking and collaborating with community organizations and other relevant groups.
- Within the designated area(s) of specialization, develop innovative curricula and programs to address local needs as well as to mesh with the broader state and national interdisciplinary initiatives.
- Deliver high impact programs to diverse audiences utilizing a selection of innovative delivery mechanisms to optimize reach and effectiveness, by teaming with Extension staff at the local level and within the program team.
- Evaluate the impact of program initiatives in a planned and statistically relevant fashion. Evaluation plans should focus not only on short-term impacts but also on long-term changes in clientele practices.
- Develop effective and contemporary approaches to communicate with clientele. This may include constantly evolving electronic technologies (e.g. twitter, Facebook, blogs, e-learning, etc.) and will be done with collaboration with local staff and with the support of communication staff within the unit.
- Comply with all reporting deadlines and requirements (e.g. plans of work, activity and impact reporting, etc.)

Organizational Leadership and Development

- Market and represent Extension's interests to external partners and stakeholders, in conjunction with local unit efforts.
- Compete for internal and external resources to enhance the development of innovative educational programs with potential for high impact. Includes strategic use of available funds to increase program quality and impact.
- Cooperate with the County Director to achieve budget goals, address staffing needs, fulfill relevant grant initiatives, report impacts, and carry out all other items relevant to the operation.
- Develop professional collaborations with the County Director, and other professional and academic staff within the organization.
- Assist with and support the total University of Illinois Extension program.
- Accept statewide responsibilities as recommended by the Program Leader and approved by the County Director, such as committee assignments, search committees and invitations to present at conference and events in other units.
- Serve as an effective team member and volunteer for leadership roles as appropriate.
- Perform other duties that contribute to the mission of University of Illinois Extension programming, as assigned.

Scholarship

- Establish professional relationships and participate in campus-based partnerships that tie academic programs and research to complement Extension programming by partnering with Extension Specialists and/or faculty members on research projects as appropriate within the initiatives.
- Be an active member within a professional society(s) to keep abreast of changes within your discipline.
- Continually seek professional development opportunities to enhance competency in subject matter area.
- Use research and evaluation findings to create innovative programs and make changes to existing programs in order to improve quality.
- Share principles of evidence-based best practice with peers.

The University of Illinois conducts criminal background checks on all job candidates upon acceptance of a contingent offer. Convictions are not a bar to employment. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment.
