Extension

COLLEGE OF AGRICULTURAL, CONSUMER & ENVIRONMENTAL SCIENCES

Extension Educator, Agriculture and Natural Resources (Horticulture)

POSITION OVERVIEW

The Extension Educator, Agriculture and Natural Resources (Horticulture) serves as a regular, full time, 12 month academic professional with primary responsibility for the oversight, development, delivery, and evaluation of educational programs supporting the mission of the University of Illinois Extension. Agriculture and Natural Resources Educators support one of the four core Extension program areas and within that program area may focus on one or more of the following interdisciplinary initiatives: Energy and the Environment; Food Safety and Security; Economic Development and Workforce Preparedness; Family Health, Financial Security and Wellness; Youth Development. Programmatic objectives of Extension Educators will be consistent with national and statewide initiatives considered of significant importance to residents of the state of Illinois.

Extension Educators will be expected to deliver research-based educational programs and to work within team settings that may consist of other Extension Educators, community college professionals, and faculty within and outside of the College of ACES. The establishment of professional networks as well as the development of relationships with key stakeholder groups is vital to the success of Extension Educators. Extension Educators will be expected to deliver educational programs not only within their assigned multi-county unit, but as requested, to clientele within other units.

The Extension Educator, Agriculture and Natural Resources (Horticulture) is expected to concentrate programmatically in Horticulture. This programmatic concentration includes the development and delivery of high impact and relevant educational programs and materials, and is required in the following areas: 1) production and protection of plants in urban and suburban ornamental landscapes, 2) fruit and vegetable production and protection, including organic and IPM plant protection systems. Strong leadership and delivery of programs will be provided to volunteers within the Master Gardener Program.

One full time position is available.

Location: Unit 17 – DeWitt, Macon, and Piatt Counties

(Position will be housed in Macon County - Decatur, IL)

Additional positions may become available in other locations

This is a security-sensitive position. Comprehensive background checks, including but not limited to a criminal conviction information check, a CANTS check, and a review of the Registered Sex Offender list, will be conducted.

RESPONSIBILITIES

Program Development and Delivery

- Provide program leadership, interpret and integrate information, teach in the field of designated expertise, maintain the competencies to develop and deliver educational programming, and assist clients with the appropriate resource bases.
- Assist partnering organizations in providing educational outreach aimed at conserving natural resources, preserving the current state of the natural environment and, where possible, reversing its degradation.
- Assess the needs of local clientele in a systematic and analytical manner. This may include networking and collaborating with community organizations and other relevant groups.
