

ILLINOIS

Extension

COLLEGE OF AGRICULTURAL, CONSUMER & ENVIRONMENTAL SCIENCES

Assistant Dean, Natural Resources, Environment and Energy

WE TRANSFORM LIVES.

Everything we do is designed to improve the quality of life of the people in the state of Illinois, across the nation, and around the world. We discover, develop, translate, and disseminate knowledge to address societal concerns and train the next generation of experts and leaders in a way that empowers them to expand the boundaries of science to higher levels of understanding and influence.

Be a part of our story. Through learning partnerships that extend knowledge and change lives, University of Illinois Extension provides educational programs aimed at making life better, healthier, safer, and more profitable for individuals and their communities. Illinois Extension has operated continuously for more than 100 years connecting the citizens of Illinois to their land-grant university by providing educational programming around the state. University of Illinois Extension is based in the College of ACES and works with all colleges and units of the University of Illinois at Urbana-Champaign.

The Assistant Dean (Program Leader) for Natural Resources, Environment and Energy (NREE) serves as a regular, full time, 12-month academic professional with primary responsibility for leading and developing statewide educational programming in energy and environment, air, land, and water, forestry, wildlife, outdoor economy, and systems that support these critical areas for the Illinois food, agriculture, and outdoor industry. The Assistant Dean for NREE serves as the Associate Director of the Illinois-Indiana Sea Grant (IISG) and oversees the University of Illinois Arboretum and the Energy Education Council (EEC). The Assistant Dean for NREE supports one of the six core Extension program areas and within the NREE program area may focus on one or more of the following interdisciplinary initiatives: Community; Economy; Environment; Food, and/or Health. The Assistant Dean for NREE provides organizational leadership in building relationships and reporting outcomes to Regional and County Directors, local, state and national legislators, and other stakeholders. The incumbent provides leadership to Extension's volunteer delivery system and provides summaries of the value of volunteers and NREE program outcomes and impacts.

The Assistant Dean for NREE will be expected to lead and deliver research-based educational programs and to work within team settings that may consist of other Extension Assistant Deans, Extension Regional and County Directors, Extension Educators and Specialists, IISG Specialists at the University of Illinois and Purdue University, and faculty within and outside of the College of ACES. Establishment of a program of work based on community-based needs assessments is essential to provide clear directions, partnerships, and collaborations to successfully solve grand challenges.

The Assistant Dean for NREE is expected to concentrate programmatically on energy and environment, air and water quality, land usage and accessibility, forestry, fishery, wildlife, and the outdoor economy, among other critical areas. The Assistant Dean is responsible for the Master Naturalist program, IISG Extension activities, the Arboretum, and oversight of EEC, and other NREE-oriented services and for developing innovative programs that address NREE needs in Illinois. Close collaboration with other Assistant Deans and the IISG Leadership Team is required. The Assistant Dean for NREE also will be expected to build networks among diverse groups and take a systems approach to leading efforts in NREE. The Assistant Dean for NREE will be located in Urbana-Champaign on the University of Illinois campus, and will report to the Associate Dean and Director of Extension and Outreach, and will be available to all of Illinois Extension and Outreach. As the Associate Director of IISG, the NREE Program Leader also will collaborate closely with the Director of IISG at Purdue University and interact with diverse IISG staff from the University of Illinois and Purdue University.

One full time position is available.

Location: Champaign-Urbana, IL

(Position will be located on UIUC main campus in Urbana, IL)

COLLEGE OF AGRICULTURAL, CONSUMER & ENVIRONMENTAL SCIENCES

Assistant Dean, Natural Resources, Environment and Energy

RESPONSIBILITIES

- Conduct criminal background checks on all job candidates upon acceptance of a contingent offer. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment. For more information, visit [Policy on Consideration of Sexual Misconduct in Prior Employment](#). The University of Illinois must also comply with applicable federal export control laws and regulations and, as such, reserves the right to employ restricted party screening procedures for applicants.
- Partner with the Directors of Dixon Springs Agricultural Center (DSAC), Orr Agricultural Center, and Monmouth Agricultural Center to promote innovative outreach and economic development of Illinois natural resources, forestry, fishery, wildlife, and the outdoor economy.
- Address urban and rural needs in NREE by collaborating with food, agriculture, energy, water, and environment initiatives led by the Discovery Partners Institute-Illinois Innovation Network.
- Ensure that strong publicly informed research-based curriculum supports the educational content and delivery methods of the statewide program plan.
- Serve as program director, primary investigator, or co-investigator for grants and other funding opportunities to ensure utilization of organizational resources are consistent with critical program priorities. Write grants as needed.
- Develop, lead, and coordinate innovative revenue-generating opportunities for Illinois Extension related to natural resources, environment, and energy in Illinois.
- Communicate the need for interdisciplinary collaboration to staff, stakeholders, and constituents.
- Work closely with County Directors to develop strategies for marketing and positioning of NREE programs in the multi-county Units.
- Develop statewide strategies for marketing and positioning of NREE programs.
- Provide leadership in building relationships with state and national agencies/ organizations to communicate Illinois Extension program outcomes and foster appropriate educational collaborations.
- Collaborate with the administrative team to identify staff in-service education needs to enhance subject competence in content and delivery.
- Provide leadership in identifying subject content to be delivered by Educators through various methodologies using technology. This may include constantly evolving electronic technologies used in culturally appropriate ways.
- Participate in professional improvement opportunities when appropriate to the role of Program Leader.
- Provide leadership with statewide policies and local implementation of a unified Extension Volunteer Delivery System.
- Develop strategies for recruitment, training, retention, and recognition of volunteers.
- Participate in meetings with the Extension State Advisory Council (ESAC). Provide leadership to the ESAC in making state and national legislative contacts to advance Extension's programs and funding.
- Conduct all activities in accordance with the Civil Rights Act, Title IX, Rehabilitation, Americans with Disabilities Act, and the University of Illinois Extension Affirmative Action and Equal Employment Opportunity Plan.
- Assure program development, delivery, evaluation, and administrative management of the Illinois Sea Grant programs of the IISG.
- Work in conjunction with the Director of IISG, at Purdue University, and the IISG Leadership Team to implement programmatic, reporting, and fiscal requirements of Illinois activities in the program.
- Develop and oversee existing and new sponsored activities within the program.

The University of Illinois conducts criminal background checks on all job candidates upon acceptance of a contingent offer. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment. For more information, visit [Policy on Consideration of Sexual Misconduct in Prior Employment](#). The University of Illinois must also comply with applicable federal export control laws and regulations and, as such, reserves the right to employ restricted party screening procedures for applicants.

As a qualifying federal contractor, the University of Illinois System uses [E-Verify](#) to verify [employment eligibility](#).

The University of Illinois is an Equal Opportunity, Affirmative Action employer that recruits and hires qualified candidates without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, disability or veteran status.
