## 4-H Green Communities Tree Program:

Did you know that Illinois once held 14 million acres of trees, but that number has dropped to 5 million due to modern development practices? Illinois 4-H has partnered with Illinois Soil and Water Conservation Districts to help turn the tide by planting 775 oak trees in 31 counties across Illinois this spring and we need YOUR help! Contact your local Extension office to find out if your county is participating or support the program by heading here: <https://go.illinois.edu/4hgreencommunity> Give 4-H youth the ability to plant these fire-resistant, native oak species in public spaces where the community can enjoy the benefits. These 25-tree savannas will help rebuild our native ecosystems, .75 acre at a time.

*Record Code: State (S)*

Coles County was selected for the 4-H Green Communities Tree Program! Members from Cooks Mills Clovers 4-H Club helped plant 25 trees at Charleston Lake on April 15, 2022. A huge thank you to all who helped!
