

December 2020 Annie's Project

Annie's Project is a six-week discussion-based workshop bringing women together to learn from experts in production, financial management, human resources, marketing, and the legal field. It's a relaxed, fun and dynamic way to learn, grow and meet other farm women.

The course was started in late January of 2020, but due to weather and COVID postponements, the last session was not completed until November. The session was done through a face to face session along with a Zoom meeting to allow participants to choose which format they were most comfortable with.

End of course surveys showed positive impact including:

- Increased knowledge of local farm financial resources.
- Increased knowledge of protecting assets.
- Actions were being taken to update wills.
