THE GUEST SPEAKER

Cierra Garrow is a Registered Psychotherapist (Qualifying), practicing and living in Northwestern Ontario. Cierra works as a Psychiatric Rights Adviser for PPAO through the MOHLTC, a Children's Mental Health Therapist for FIREFLY, and a Post-Secondary Instructor for Seven Generations Education Institute in their Social Service Worker Program. As a practicing mental health professional, advocate, and educator, Cierra has experienced the catastrophic effects of burnout, vicarious trauma, and compassion fatigue. The toll this had on her mental health was devastating and could have been mitigated through a self-care plan. To be able to help others and ensure all people can fulfill their potential and live with dignity, equality, and health, we need to be healthy ourselves.

WOULD YOU BE INTERESTED IN BECOMING A MEMBER OF THE FIRST ILLINOIS 4-H VIRTUAL ESPORTS SPIN CLUB?

With eSports becoming one of the largest growing tech industries in the world, with an annual revenue of \$1.5 billion with an expectation to reach \$2.2 billion by 2023, it is time that our youth become poised and ready to meet the demands of this growing field.

Are you **at least 12 years old and own a computer or gaming system**? This year Illinois 4-H released a pilot curriculum focused on the growing field of electronic sports, or eSports, and we would like to pilot it with you! As a pilot, we hope to add to and modify the curriculum based on the feedback and input of the youth involved. Under the direction of Illinois 4-H Computer Science Innovator Eric Li, youth will be virtually guided (using Zoom) through the eSports Pilot curriculum, learn the basics of the eSports field, and learn about the hardware and software that makes eSports possible. In addition, youth will be able to play and practice their favorite games as a team, and potentially compete in one or more eSports competitions through the Spring and Summer.

Registration for this opportunity will open on Dec. 1 and close on Jan. 15, with meetings beginning the third week of January. Schedule and goals will be determined/presented in the first meeting with plans on meeting at least twice a month (and more frequently before competitions).

Interested youth can sign up at the link below:

<https://web.extension.illinois.edu/registration/default.cfm?RegistrationID=22817>

For questions or comments, please contact the Illinois 4-H STEM Team at Illinois4h-STEM@illinois.edu
