Logan Hilgendorf Dairy

Country Roots 4-H Club

Cloverbud Animal Science Project

Logan Hilgendorf with his calf Calico. He says his favorite part about taking care of Calico was feeding her a bottle when she was a baby.

Jase Cooper

Clovers 4-H Club

- Cloverbud projects:
 - Embryology
 - Birds
 - Electricity
 - Music

Kenna Clementz

Country Roots 4-H Club

Cloverbud Animal Science Project

This is my dairy calf Hope. She was born in March. I share her with my sister Noelle. I really like to feed her and brush her. My sister Noelle has helped me learn how to lead Hope. I will be showing her this summer. My favorite part of having Hope is brushing and hugging her. I really enjoy 4-H and my favorite part is going to the meetings. I get to see my friends and they always have fun snacks and drinks at the end.

Josiah Hughes

Clovers 4-H Club

- Lego Project

I built a Lego model of Fusion Fitness for the Legos people to swim. I made lifejackets for them out of extra Lego people. I ran out of dark blue for water so I used light blue for shallow water and I think it looks better that way too. My dad built the diving board with me.

Emma Hughes

Clovers 4-H Club
