Our priority is to keep our community safe during the COVID-19 pandemic. These guidelines are here to keep you and others safe and our garden open.

Feeling ill? Stay Home!

Wash your hands regularly with soap.

Clean, then sanitize or disinfect frequently used surfaces regularly. Don’t share tools if possible.

Communicate that anyone displaying symptoms of COVID-19, or have come in contact with someone who has, should not come to the gardens and if they are displaying symptoms on site they will be asked to leave.

Keep your distance

Avoid touching your face. Wearing a mask is recommended.

Always rinse vegetables before use

Use non-porous plastic tables that can be easily disinfected whenever possible.
