

4-H TEEN SCIENCE AMBASSADORS

About the Program

4-H Teen Science Ambassadors receive focused lesson training from 4-H staff, and then can share those projects with community members or lead them for younger youth through supervised, organized activities. The program is designed for youth in grades 6 to 12.

Throughout the year, 4-H Science Ambassadors meet and learn various STEM activities that highlight topics such as computer science & coding, health & nutrition, physics, aerospace, engineering, electronics, biotechnology, and environmental science, just to name a few.

Build Important Skills

- COMMUNITY SERVICE
- VOLUNTEERISM
- LEADERSHIP
- PUBLIC SPEAKING
- TEACHING
- COMMUNICATION
- TEAMWORK
- STEM CONCEPTS

Join us to explore environmental science with a hands-on stormwater activity from Penn State Extension, and to learn more about 4-H Teen Science Ambassadors

November Training Meeting

Registration opens Oct. 8 @ go.illinois.edu/science4Hdkk

Saturday, Nov. 9
2:30-4 pm

U of I Extension
1100 E. Warrenville Rd
Suite 170
Naperville, IL 60563

\$15/youth for Nov. training*

*If you choose to join 4-H Teen Science Ambassadors for the 2019-2020 year, there also is a \$20 annual enrollment fee per youth to cover the program year.

If you already attended an October training meeting and paid the \$15 per youth, no need to register to attend. Hope to see you Nov. 9!

If you need a reasonable accommodation to participate in this program, please contact your local University of Illinois Extension office. Early requests are strongly encouraged to allow sufficient time for meeting your access needs.
