

4-H TEEN SCIENCE AMBASSADORS

About the Program

4-H Teen Science Ambassadors receive focused lesson training from 4-H staff, and then can share those projects with community members or lead them for younger youth through supervised, organized activities. The program is designed for youth in grades 6 to 12, and the group will meet regularly to learn new activities.

Each fall, 4-H Science Ambassadors learn the 4-H National Youth Science Day project. The 2019 program Game Changers was developed in conjunction with Google and focuses on Computer Science.

Build Important Skills

- COMMUNITY SERVICE
- VOLUNTEERISM
- LEADERSHIP
- PUBLIC SPEAKING
- TEACHING
- COMMUNICATION
- TEAMWORK
- STEM CONCEPTS

Join us this October to learn about Computer Science in partnership with Google and learn more about 4-H Teen Science Ambassadors

Registration opens Sept. 1 @ go.illinois.edu/science4Hdkk
