

PEORIA & TAZEWELL 4-H PRESENT: EMBRYOLOGY IN THE CLASSROOM 2022

Session 1:
February 21 –
March 25

Session 2:
April 18 –
May 20

Fee:
\$12 per
dozen of
eggs

Embryology in the Classroom is designed to provide teachers with knowledge and resources on the chicken's egg, its importance to man and its role in reproduction of the species. Using supplies provided by University of Illinois Extension and your own supplemental resources, your students will learn about incubation and embryonic development.

There are two rounds of the Embryology in the Classroom program. Both sessions have limited equipment available. Openings are filled on a first come, first served basis. To be completely registered, the Extension office must have a completed online registration and payment.
