

PASTURE MANAGEMENT WORKSHOP

Wednesday, March 29, 2023 at 6:30 p.m.

Monroe County Annex

901 Illinois Ave, Waterloo, IL

Has pasture management been a challenge on your farm?

Extension Educators *Travis Meteer* and *Nathan Johanning* will cover a wide range of pasture topics, including establishment and maintenance, weed & fertility management, grazing strategies, and cover crops to enhance grazing. Even small changes in management, species, or grazing habits can make a big difference in the pasture health, and the amount and quality of grazing your animals can experience. This free program is open to anyone with livestock, from a few horses to a large beef herd and anything in between. The Monroe County Cattleman's Association is partnering with University of Illinois Extension for the program and to provide a meal at the start of the program.

**Please register online at <https://go.illinois.edu/Pasture>.
Registration is required by **Monday, March 27**. For more information,
please call **618-939-3434** or email Nathan at njohanne@illinois.edu.**
