

FOR: IMMEDIATE NEWS RELEASE

The Cumberland County 4-H General Show was held on Thursday, July 8 at the Toledo Christian Church. The judging began at 1:00 p.m. and concluded around 4 p.m. At 4 p.m. the judging room was closed for the selection of State Fair and Special Recognition selection. Public viewing of the projects was from 5-6 pm.

The 4-H General Show is an opportunity for 4-H members to complete a project that they enjoy and show before a judge. Throughout the year they complete activities in a project manual to help them better understand their projects. Some of the projects that were exhibited were: Aerospace, Geology, Health, Visual Arts and Woodworking, just to name a few.

## General Show

The following list is the State Fair (SF) and State Fair Alternates (SFA) as well as Grand Champion (GC) Reserve Grand Champion (RG). State fair delegates and alternates are eligible to exhibit their project at state. Grand Champion and Reserve Grand Champion are a county selected award as the best two projects in that category as delegated by the judge. If there is only a GC and RG, then the project is not eligible to be shown at the state fair.
