August 2021

## Hey Everybody,

WHEW!!! What a week we just had. The shows were great and everyone seemed to have a good time. At least it wasn't AS HOT as it could have been, well for not the entire week! And it was as normal as we could get compared to the year 2020!

I have to thank everyone who helped with the show in any way possible. I hope you all thought things went as well as I did.

Several members will be going to Springfield for the State Fair soon (August 15), and we wish them the best of luck with their projects.

Now we move on to Awards season. The packets will be with the leaders. They will have all the information you need. Be sure and check the calendar in this publication to see the dates and deadlines for them. Thanks again for all

your support in making this another successful year.

Any questions about the award applications, records, or secretary/treasurer books (on CD), do not hesitate in calling the office and we will try to answer any questions you may have.

**Amy**

**New members please make sure you are receiving the newsletter either by email, Facebook, or mail! Don't want anyone missing out on anything 4-H!**

## State Fair letters sent

Letters were mailed to all members that registered to exhibit at State Fair. The packet includes the project tag, exhibit requirements, map, schedule, and the guide for general exhibits.

Read your directions carefully so you know what time you need to check in and where. If you have any questions, I will be there that day and you have my number!

## Drive that tractor

White County 4-H held their annual Tractor Driving Contest on Tuesday, July 13 at the White County Fairgrounds. A really big thank you goes out to Sydenstricker Nobbe Partners of Norris City for furnishing the tractor the members drove during the contest. The contestants must back the tractor with a two-wheeled wagon attached through a series of poles, then make two passes through the poles going opposite directions and then back in between poles and as near to a backstop as possible. The poles are set up so that the opening between them gives only three inches of clearance on each side of the trailer. They are timed and given penalties when they touch a pole or make other errors. Junior and Senior divisions were divided up this year.

Junior division: 1st place Zeke Roser

Senior division: 1st place will be Nate Garner

Trophies donated by First Mid-Illinois Bank and Trust. Levi Marsh Cole Fechtig and Jason Draper were the Superintendents for this event and provided the poles and set up the course, so they deserve some thanks as well.

## Area hunters can earn certification

Area residents will have an opportunity to learn basic principles of safe hunting at the Illinois Department of Natural Resources hunter safety certification course. Participants must attend **all 10 hours** of instruction and pass the test to receive their certification.

The workshop times are Tuesday, August 17 & Thursday, August 19 from 6-8pm and Saturday, August 21, 9am-3pm at the U of I Extension office in Carmi.

The course is geared toward youth, but older hunters are also encouraged to attend the classes since many states now require out-of-state hunters to show proof of certification. A 1996 Illinois law requires that all hunters born after Jan. 1, 1980 must successfully complete the hunter education course before they can receive their first hunting license. Participants completing the course receive a hunter education certification card which verifies they have passed the course.

The ten-hour course includes instruction in wildlife management, firearms safety, hunter ethics, game identification, first aid, survival techniques, and regulations. The lead instructor will again be Bobby Lamp.

Pre-registration is not required, but would be helpful. To register, one may call the Extension office at 382-2662 by August 16.

## Shooting Sports—Archery, Air Rifle, Pistol & Shotgun Shoots

The White County Shooting Stars SPIN Club held their shoot competitions on July 11 at the Carmi Rifle Club. We were very excited with the turn out and participation of the 4-H kids, especially during the down pour of rain.

Each shooter shot five arrows in three rounds totaling 15 shots into a target. Different sections of the target is scored a different score. The totals are added up and the winner is decided.

This year the 4-H members were divided up into three age divisions.
