

**Pilot Units:**

**How to use 2021 Unit Impact Dashboard data in your unit annual report**

1. In the *Grant Challenge Impacts* tab or *ANR impact data* tab, select your unit to find your data points.
2. Determine which data points you wish to include for which stories.
3. Incorporate the data information into the text of your story if you want to highlight the information without a graphic.
4. If you wish to use the data point as a graphic, include the data point, and the data description on the story template subtracting from the available character count available for each graphic set you use.
5. The communication team will incorporate the data graphic into your designed page.

Unit Impact Data	
Unit	
8	Select Unit from dropdown list (click on the green box to display the drop down)
Indicators by Grand Challenge	
COMMUNITY Grand Challenge--selected data	
196	Program attendance
24	Educational sessions
