

2022 Wabash County 4-H Year End Awards Form

4-H Volunteer(s) of the Year

This award is presented to that very special person or group of people that dedicated vast amounts of their own personal time, skills, and resources to improve and develop the Wabash County 4-H youth programs. This person goes above and beyond the call of duty whenever 4-H is concerned. Please list the nominees' name and a brief description of their volunteer activities during the past 4-H year.

4-H Business of the Year

Throughout the year, there are several local and area businesses that excel in lending a helping hand to the Wabash County 4-H program. The 4-H programs could not be as successful without the continued support of these wonderful organizations. Please list the name of the nominated business and a brief description of their support in the Wabash County 4-H youth programs!

4-H Club of the Year

Nominate a 4-H club that has been the most involved and outgoing club in the county. Club members and leaders should be working together as a team toward the accomplishment of a common goal. This club should have elected officers, completed a community service project, and had its 6 mandatory club meetings for the year. The exception to this would be a cloverbud club, as they will not have officers. Please list the club's name and a brief description of why you feel it should be recognized as the 4-H club of the year.
